THE PANEL BLIND COLLECTION

Perfectly suited to the modern Australian lifestyle, panel blinds offer a sleek and sophisticated shading solution for large windows, patio and bi-fold doors or to create beautifully defined zones within open-plan living spaces.

WINDOW BLINDS

Daybreak, Stone, 5 Panel Track

When opened, the large fabric panels stack neatly to maximise light. Use the slim wand to slide the panels closed, creating a unique screen for light control and privacy.

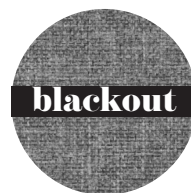

The super-slim track, inspired by minimalism, blends seamlessly into your space, and you can choose from 3, 4, or 5 channels with side or split draw operation.

For an eclectic look, mix patterned prints with complementary or contrasting plain fabrics.

FABRIC CHOICES

Our panel blinds have been developed to allow you to add your own style and personality, by mixing and matching patterned, plain and textured fabrics to create a statement feature blind..

Swedish Birch, Silver

Panel Blinds are the ideal choice for large windows or doors. They also make stunning room dividers in open plan living spaces.

Panel Blinds are versatile because the panels can be drawn and stacked either at one side of the window, (side stack), or at both, (split draw), depending on the space available.

When open, the panels stack neatly behind one another allowing maximum light to enter the room. Sliding the panels into the closed position creates a unique fabric screen that provides light control and privacy.

Inspired by minimalism, the track is super slim in design to subtly blend in and being a fully bespoke system you have the choice between the 3, 4 or 5 channel track.

Designed not only to be long lasting and look beautiful, Panel blinds are also energy efficient, reducing solar gain during the summer months and helping to insulate your home through the winter.
