WHAT HAPPENED? Why did we close on Wednesday 18th Feb at 6.30pm and Monday 2nd March at 2pm? We were notified by TTG Council and SA Health that we had a patron use our facility during their incubation period of Cryptosporidium. We did not have it in our pool it was a precaution to clean the pool just in case, and the well being of all of our patrons is our major concern. So we closed and superchlorinated the pool to kill off any potential bacterial threat. To help avoid this happening again please take a moment to read this signs on the right hand side and avoid using the centre if you have had any of symptoms. Credits will be transferred over to term 2 and make ups can be made this term or from week 2 in term 2. Thank you for all your understanding during this stressful time.
