## **CHANGING ROOM REQUESTS**

Could parents please try to be as quick as possible in showers as often other students or staff have to wait quite a while to get showered and changed.

Students aged 8 years and over should only change in the same (their) gender changeroom.

Students 7 years and under are able to change in opposite gender changerooms as long as a parent is present.

Adults must only go into their own gender changerooms and NOT ENTER the other gender changeroom.

The disabled toilet is available if parents have older children that they need to help change, please note that there is no shower facility in the disabled toilet.

## **Heads Up Phones Down**

Instructors quite often see parents/care givers playing on their phones or taking calls and missing out on little triumphs, achievements and successes that their children make. These children are so happy and want to share their joy looking to their parent/care giver for validation but their heads are down looking at the phone.

It is sad for the instructors to witness this as they are so happy for these children when they finally succeed in mastering a new skill, which they have worked so hard to help them learn.

If you put your phone down it removes a constant source of distraction, allowing you to engage more deeply with your children and their activities. It is only 30 minutes after all.
