Vistaweave

Seamless living,
perfectly matched

Inspired by
Colorbond®

Vistaweave outdoor mesh blinds offer Australia's most extensive range of COLORBOND®-inspired colours and shades

For the way we live

For decades, Australians have trusted us as the benchmark in exterior mesh blinds. Our collection, engineered by world-leading textile innovators, is designed to do more than protect you from the elements. It's about creating the perfect balance of comfort, shelter, and an uninterrupted connection to the world outside, so you can truly live in and love your outdoor spaces.

The Vistaweave collection offers true versatility and control. With multiple variations available, you can easily tailor your blinds for the perfect level of privacy, weather protection, and light transmission. The result is a precision-fit, reliable solution that performs flawlessly for years to come.

Inspired by Colorbond®

Vistaweave and COLORBOND®: A story of style and performance

Create a perfectly cohesive look for your home. Vistaweave offers Australia's most extensive mesh range inspired by COLORBOND®, so you can effortlessly coordinate your blinds with your roofing, fencing, and facades.

Our blinds are built to deliver both style and substance. Engineered for the harsh Australian conditions, they provide outstanding durability and UV resistance while enhancing your home's architectural harmony.

Trusted Quality

Long-lasting performance with UV protection and weather resistance.

Design Freedom

A wide palette of classic and contemporary colours to suit every home.

Seamless Design Integration

Blinds that coordinate with roofs, gutters, and fences for a unified finish.

Lifestyle Enhancement

Create comfortable, shaded outdoor areas that connect you to your surroundings.

Make more of your home, with Vistaweave

Vistaweave 85

Vistaweave 85 lets you enjoy maximum visibility while shielding your space from wind, dust, and harsh sunlight. Perfect for external blinds, it delivers comfort, without compromising your view.

All-season comfort, style and savings

Vistaweave mesh blinds are a smart way to make any home or business more energy efficient, blocking the sun's heat and glare before it hits the glass.

Vistaweave's open-weave design brings the perfect balance of comfort and connection. It allows natural light and airflow into your space, so you can enjoy beautiful views and fresh air without compromise.

Providing year-round benefits, Vistaweave mesh keeps interiors cooler in summer and reduces your reliance on air conditioning. While in winter, the mesh adds an extra layer of insulation, retaining warmth and reducing heating costs.

Vistaweave not only creates a more comfortable and inviting atmosphere but also contributes to a more sustainable home, helping you save on energy bills year-round.

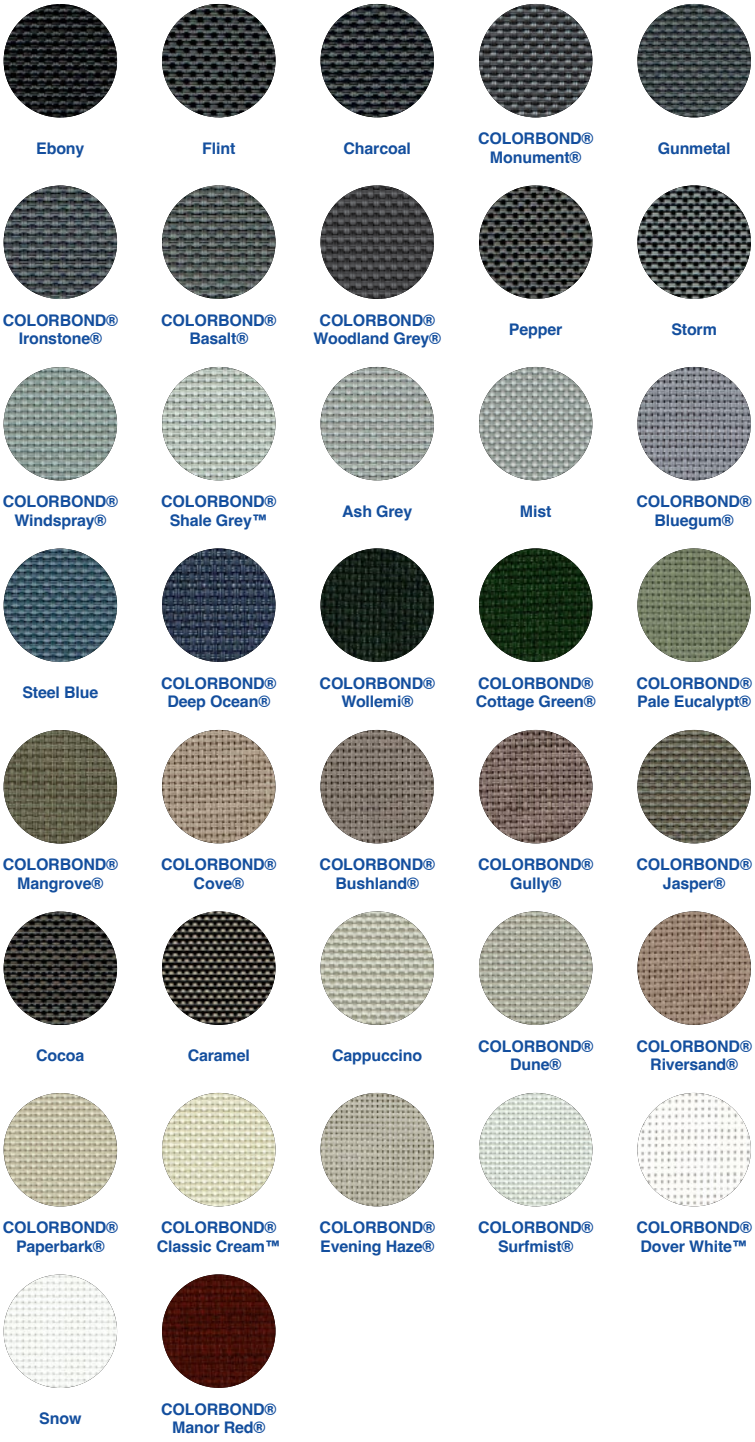

Vistaweave 95

Get the best of both worlds with Vistaweave 95. As Australia's largest mesh range inspired by COLORBOND® colours, it provides superior protection from the elements while preserving a clear, uninterrupted view. Now you can shield your space without compromising your architectural style.
