

# The Master Survivor University

October 16, 2024

## Board of Regents of the United States of North America

Maintaining the doctrine for all Master Survivor Colleges and Universities

In 2012 The Master Survivor University (MSU) was born. From its genesis, the Master Survivor Program was destined to reduce the suffering in the world. The initial drive was to preserve the general principles and practices of Hippocrates and ancient Greek medicine and to identify the right food choices with modern laboratory testing with an emphasis on the HTMA. Thus, the two tag lines say it all: “The MSU is Ancient Greek Wisdom that is validated by Modern Laboratory Science” and “No One Has to Suffer.”

## 6 Fundamental Taboos

- No Euthanasia
- No Organ Removal
- No DEI
- No Surgery
- No MLM
- No Drugs
