

Dear JPGC Members,

Here we are already halfway through the 2026 golf season! We would like to begin by thanking you for your continued support. We hope you and your families have enjoyed your time at JPGC so far this year.

We've been busy and would like to share a few updates with everyone.

As some of you may have heard, on June 16, Josh Barton accepted a position with Maxim Golf Solutions and joined JPGC as our full-time Superintendent. Josh lives in Bowling Green with his two amazing children. He holds a degree in Turf Management and brings 19 years of experience to our course. We are excited to have him on board and look forward to working with him for many years to come. Please give Josh a warm welcome when you see him out on the course.

With all the rain we've received this season, Tom has certainly stayed busy mowing and maintaining the grounds. We cannot thank him enough for his hard work, dedication, and the many hours he puts in to keep our course looking its best.

As for the clubhouse, we truly believe we have the best group of employees anyone could ask for. They work together exceptionally well, always greet members with a smile, and help make JPGC a welcoming place for everyone. We are incredibly fortunate to have such a great team.

Here's a look at what has happened so far this year:

- We currently have 202 memberships.
- Our Stag Nights and Couples Nights continue to be a tremendous success, and we have all of you to thank for that.
- If you haven't attended one of these events yet, we encourage you to give them a try. They are a lot of fun and serve as some of our biggest fundraisers of the year.

Upcoming Events

- **Couples Night:** July 10 – featuring a Taco Bar
- **Stag Night:** July 16 – featuring our popular Fish Fry

We would also like to congratulate the 2026 Palmyra boys golf team on winning their second consecutive state championship! These young men have dedicated countless hours to practicing and improving their game here at Jackson Park, and we couldn't be prouder of their accomplishments. It has been a privilege to watch them grow as golfers and represent our community so well.

Looking ahead, we are excited about the future of golf at Jackson Park. Youth participation continues to grow, and we are especially encouraged by the increase in our student memberships. This week, we were thrilled to host nearly 60 young golfers during the Palmyra Golf Camp. Watching so many kids learn the game, build friendships, and develop a love for golf was truly rewarding.

Our Hot Shots League also continues to be a tremendous success, introducing even more young players to the sport. We believe these programs are laying the foundation for the future of golf at Jackson Park, and we look forward to watching these young golfers continue to develop for years to come.

We would also like to recognize a wonderful group of ladies who volunteered their time to clean up and beautify our flower beds. If you haven't noticed their work yet, take a look during your next round—they look amazing! Now that the beds are in great shape, we would love to find volunteers willing to help maintain individual beds throughout the season. If you're interested, please reach out to any board member.

In addition, we were able to build a sand storage bunker and acquire a small tractor to assist with loading sand, mulch, and dirt. Both additions will be valuable assets that help improve our daily operations and course maintenance efforts.

As we head into the second half of the season, we wish you and your family a safe and happy Fourth of July. Thank you for being part of JPGC, and here's hoping the remainder of your 2026 golf season is filled with great rounds, good friends, and plenty of birdies!

Your Friends,

JPGC Board
