

Sorbus Energy Healing LLC, with Kathryn J. Scarberry Services Offered, Information, and Agreement

•**Appointments:** Each client is different. If you decide that you'd like regular sessions, some packages are available. Each session will usually be completed by distance. We will have an intake consultation prior to treatment. Even if you do not want to share specific intentions with me, it will be held in the energy and applied to the session as ultimately, it is the body-mind that heals itself with the energy where healing is needed most. Results can be felt as early as within the treatment session, to several weeks following the session.

•**Pricing:** I accept Paypal, Venmo, Zelle, Cashapp, and checks. If you prefer a different payment method, please let me know. Payment is due prior to the session, unless other arrangements have been made prior to the session. I'm happy to create a package with you.

•**Confidentiality:** No information is released to anyone without written permission, unless required by law or court order. If any issues we treat are shared, regarding what the issues were in general, and/or how they were treated, it is with total anonymity. Testimonials are only added with your submission of content, and your consent, with first initial and general location.

•I am a Certified Usui Reiki Practitioner at the Master level, via One Light Healing; as a Kundalini Yoga Instructor, via Guru Gayatri and KRI; and have had years of study and mentorship in developing and honing my lifelong natural abilities, for energy reading work and energy healing and light-worker facilitating, with support and guidance with Delia Yeager and Inga Duncan Thornell, amongst many wonderful healers and teachers in body and spirit. I uphold the International Reiki Organization Code of Ethics:

<https://reikiassociation.com/standards-2/>, and Kundalini Yoga for Teachers as Taught by Yogi Bajan Code of Ethics: <https://kundaliniresearchinstitute.org/en/code-of-ethics/>. I also have a bachelor's degree with the University of Arizona in General Studies; emphasis in Social Behavior and Human Understanding. I care very much about wellbeing and honest communication. I'm also happy to share resources that might assist a client further, if I do not provide them myself.

•I am not a licensed medical doctor or licensed mental health counselor. I am a holistic practitioner. I do not make guarantees of the intended healing results. My intentions are always for the highest good for the client. Ultimately, the client's body-mind is in control of their energetic healing and energy healing works with the body as a holistic approach to healthcare.
