

GREATRIVER TRADE

Premium Salts & Seasoning Solutions

Product Catalog 2026

New York, United States

About

GreatRiver Trade

is a U.S.-based specialty food trading company dedicated to premium salts, seasonings, and flavor solutions for global markets.

With nearly two decades of export experience, we collaborate with certified manufacturing partners and trusted raw material sources — including Himalayan pink salt mines and advanced seasoning production facilities — to ensure consistent quality and reliable supply.

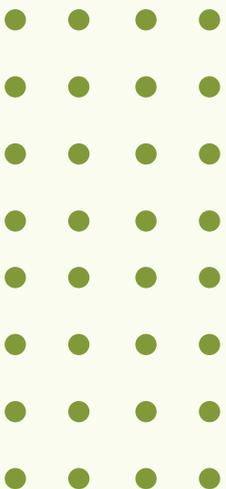

Our portfolio includes:

- Himalayan Pink Salt
- Specialty & Plant-Based Salts
- Seasoning Powders & Instant Soup
- BBQ Rubs & Custom Blends

We support OEM & ODM development and private label partnerships, delivering customized flavor solutions tailored to different market needs.

All products are manufactured under strict quality management systems and comply with international food safety standards to serve distributors, retailers, and food manufacturers worldwide.

GreatRiver Trade — Your trusted partner in premium seasoning solutions.

Advanced Manufacturing Certified for Global Markets

Certified for Global Food Safety and Quality Standards

Brand

Anthéla specializes in high-quality Himalayan pink salt sourced directly from trusted mines. The brand focuses on purity, natural mineral richness, and elegant presentation for retail and foodservice markets.

From bulk supply to premium consumer packaging, Anthéla represents authenticity, traceability, and premium positioning in the global salt category.

Nolie is a flavor-focused brand offering specialty salts, seasoning powders, bouillon solutions, BBQ rubs, and customized flavor blends for global markets. Developed in cooperation with a leading state-authorized salt enterprise, Nolie combines certified salt expertise with advanced flavor development and modern production technology. This partnership supports strict production control, compliance with national standards, reliable quality, and stable supply, while Nolie's formulation expertise delivers strong umami profiles, consistent performance, and market-ready solutions for both retail and food manufacturing applications. Together, these strengths give Nolie strong regulatory assurance, dependable product quality, and growing brand value in domestic and international markets.

Private Label & Custom Development

Beyond our own brands, GreatRiver Trade supports OEM & ODM private label partnerships. We work closely with distributors, retailers, and food manufacturers to develop customized formulas, packaging concepts, and market-specific flavor solutions — helping you build your own brand with confidence and reliable supply.

Himalayan Pink Salts

DualPod Grinder Set

A sleek electric grinding solution for modern kitchens and clean-label living. Features a rechargeable USB-C base with two interchangeable grinding pods for effortless switching between Himalayan pink salt and whole black pepper.

Includes:

Specialty Salts

Our Specialty Salt Series combines carefully selected salt sources with advanced processing technology to deliver purity, balance, and consistent quality. The range includes high-temperature roasted sea salt, sun-crystallized inland lake salt, naturally fortified iodized options, and functional mineral blends enhanced with plant-derived flavor peptides.

Designed to meet diverse culinary and nutritional preferences, the series offers clean taste, balanced mineral profiles, and modern reduced-sodium solutions — all produced without anti-caking agents for reliable everyday performance.

Plant-Derived Umami Salt

Crafted from refined edible salt blended with potassium and plant-derived flavor peptides. Designed to deliver enhanced umami and lasting richness while providing a balanced mineral profile.

Allergen Information:
Contains soy, tree nuts, and peanuts.

No Iodine Added

Anti-Caking Free

Plant-Derived Reduced Sodium Salt

Crafted from refined edible salt blended with potassium and plant-derived flavor peptides
No iodine added
Reduced sodium formula with increased potassium content

Allergen Information:
Contains soy, tree nuts, and peanuts.

No Iodine Added

Anti-Caking Free

Sun-Crystallized Lake Salt

Sourced from a remote inland salt lake in Hami, Xinjiang. Naturally crystallized under the sun from mineral-rich brine to preserve its clean flavor and clear texture. Free from anti-caking agents. Ideal for everyday cooking and finishing.

Potassium Iodate
Iodized

Anti-Caking Free

Roasted Deep Sea Salt

Crafted from deep sea salt and gently roasted at high temperature to remove impurities and enhance its clean, balanced flavor. Suitable for everyday cooking and seasoning.

No Iodine Added

Anti-Caking Free

Mildly Alkaline

High-Temp Roasted

Mother's Blend Salt

Made from high-temperature refined sea salt and carefully fortified with naturally sourced iodine from seaweed, this mildly alkaline edible salt is produced using advanced processing technology to ensure purity, balance, and consistent quality.

Seaweed-Iodine Fortified
