Father & Son

SHARING THEIR PASSION FOR CONTEMPORARY DESIGN

COUTURE Jardin is a family-owned company of contemporary outdoor furniture. It was founded in 2009 by Canadian designer-entrepreneur Normand Couture and his son, Philippe.

During school breaks, Normand's son would often work on dad's upholstery line in Montréal. Little did anyone know at the time, that he would eventually join his father 10 years later.

Philippe came on board as the CEO of COUTURE Jardin relocating the whole operation to Florida, USA, to better serve the fast growing company.

Today, as a father and son team, we can pride ourselves for having established a significant brand highly esteemed by contemporary design addicts worldwide. We are sharing, together, our passion to deliver, in a timely manner, authentic designs of high quality at a fair price for both residential, commercial and hospitality markets.

While we cannot talk about tradition yet, we can surely envision the next decades with a great enthusiasm, seems like...a tradition in the making !

The company is headquartered in Fort Lauderdale, Florida with showrooms and warehouses in North America and Asia and great people to take care of you.

COUTURE Jardin owns numerous design protections worldwide and preserves his intellectual property.

ENJOY

The first two words that come to mind when you look at ENJOY Collection is "graceful elegance". While love at first sight is kind of a cliché it is truly the case for this collection.

Start with an elegant structure in dark bronze, add a beautifully weaved shell and comfortable seats and backs dressed in a classy weather resistant fabric and there we go, we use it inside or outside?

While we can't help you here, we are more than happy to bring up the question...ENJOY!

ENJOY table easily sits up to 6-8 persons

the ART *of* STANDING *Out*

Our LOUNGE Collection is beautiful to look at even from up above. Each piece has been created as a part of a total environment, however each can be used as a stand alone. Exceptional craftsmanship paired with a peculiar attention to even the smallest details guarantees an elegant and timeless design.

Thanks to an innovative shape and a clever choice of materials, the LOUNGE Collection will undoubtedly make an outdoor statement in a multitude of environments, whether modern or slightly more transitional. The shape talks by itself while the choice of materials, indeed, is pretty distinctive. While mixing materials skillfully might seem easy the most important is, as in the world of fashion, to reach the right balance so that each ingredient on the design table contribute to a tremendous design. We truly believe we've achieved that goal with the LOUNGE Collection and it is all yours to enjoy!

LOUNGE

Thanks to a clever attachment, in the wink of an eye, you can easily move the tables from one side to the other, even in front of the sofa or chair.

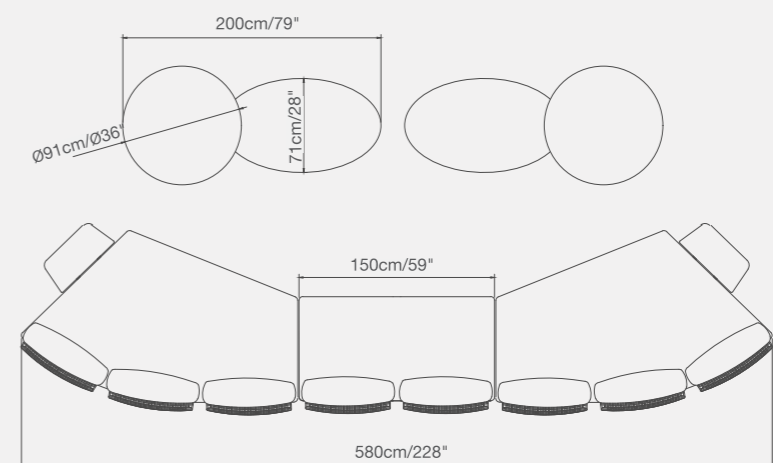

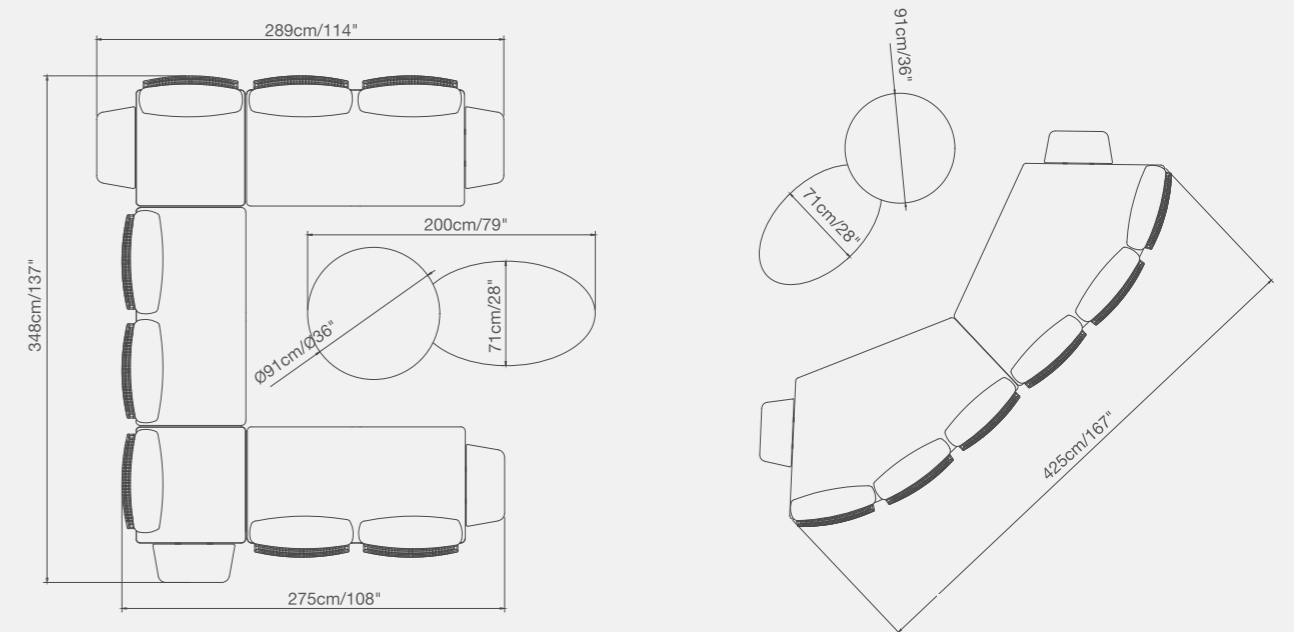

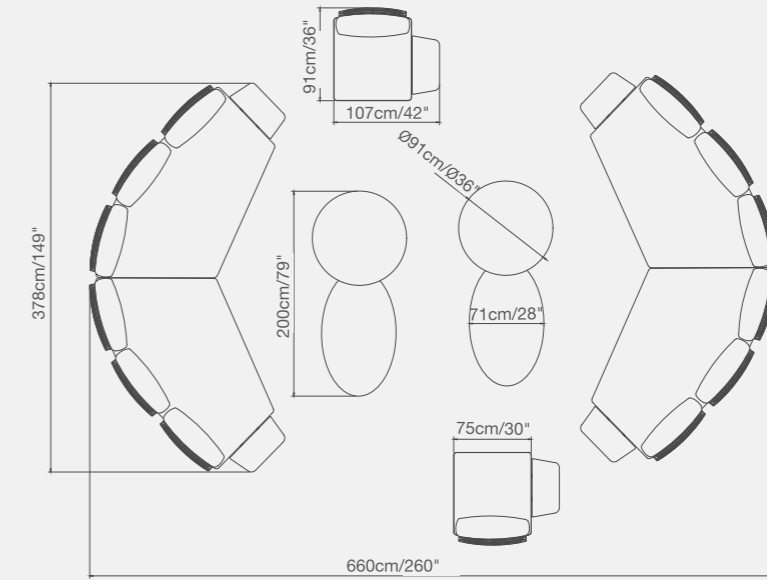

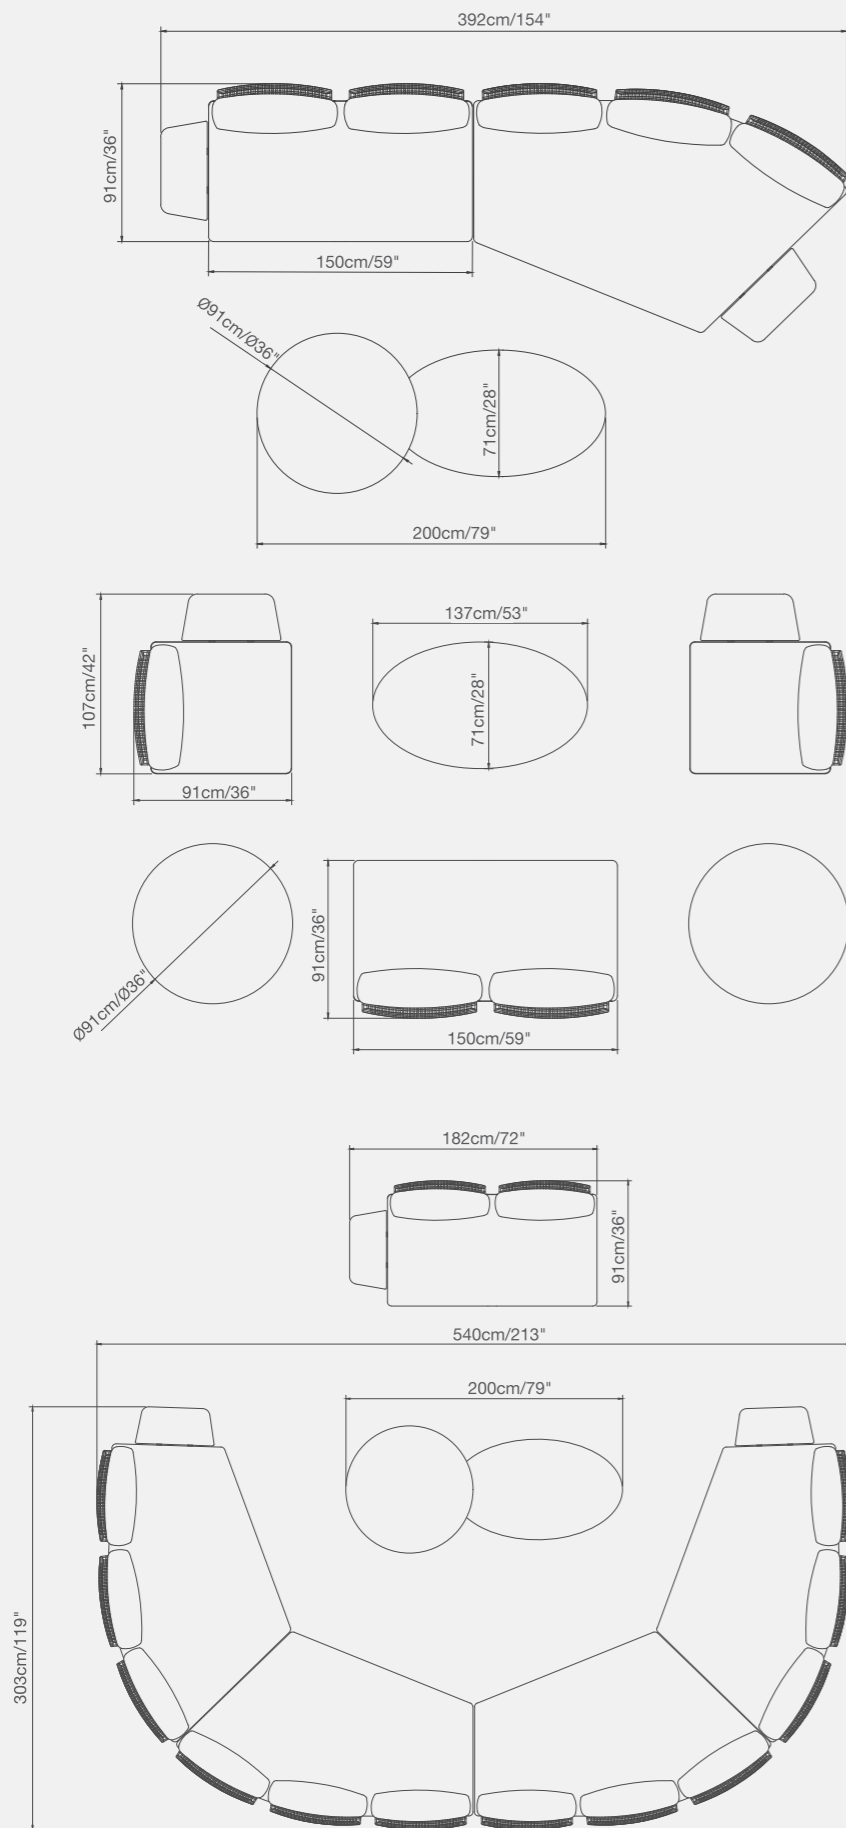

Summer is a beautiful season, however there is no reason to miss great moments of outdoor living in the winter. Thanks to materials that can withstand harsh conditions, being on LOUNGE with snow around can be magical... add a cozy winter blanket and have a great time!

The SKY Collection simply started as a nice chaise lounge but...our esteemed fans loved it so much and since sky has no limits we've added an extensive range of seating, then Cabanas and new finishes to create a cohesive design family. All structures are made of 100% recyclable aluminum, not only does it look sturdy, it is. To soften the look, it is dressed expertly in our COULTUREtex proprietary fabric.

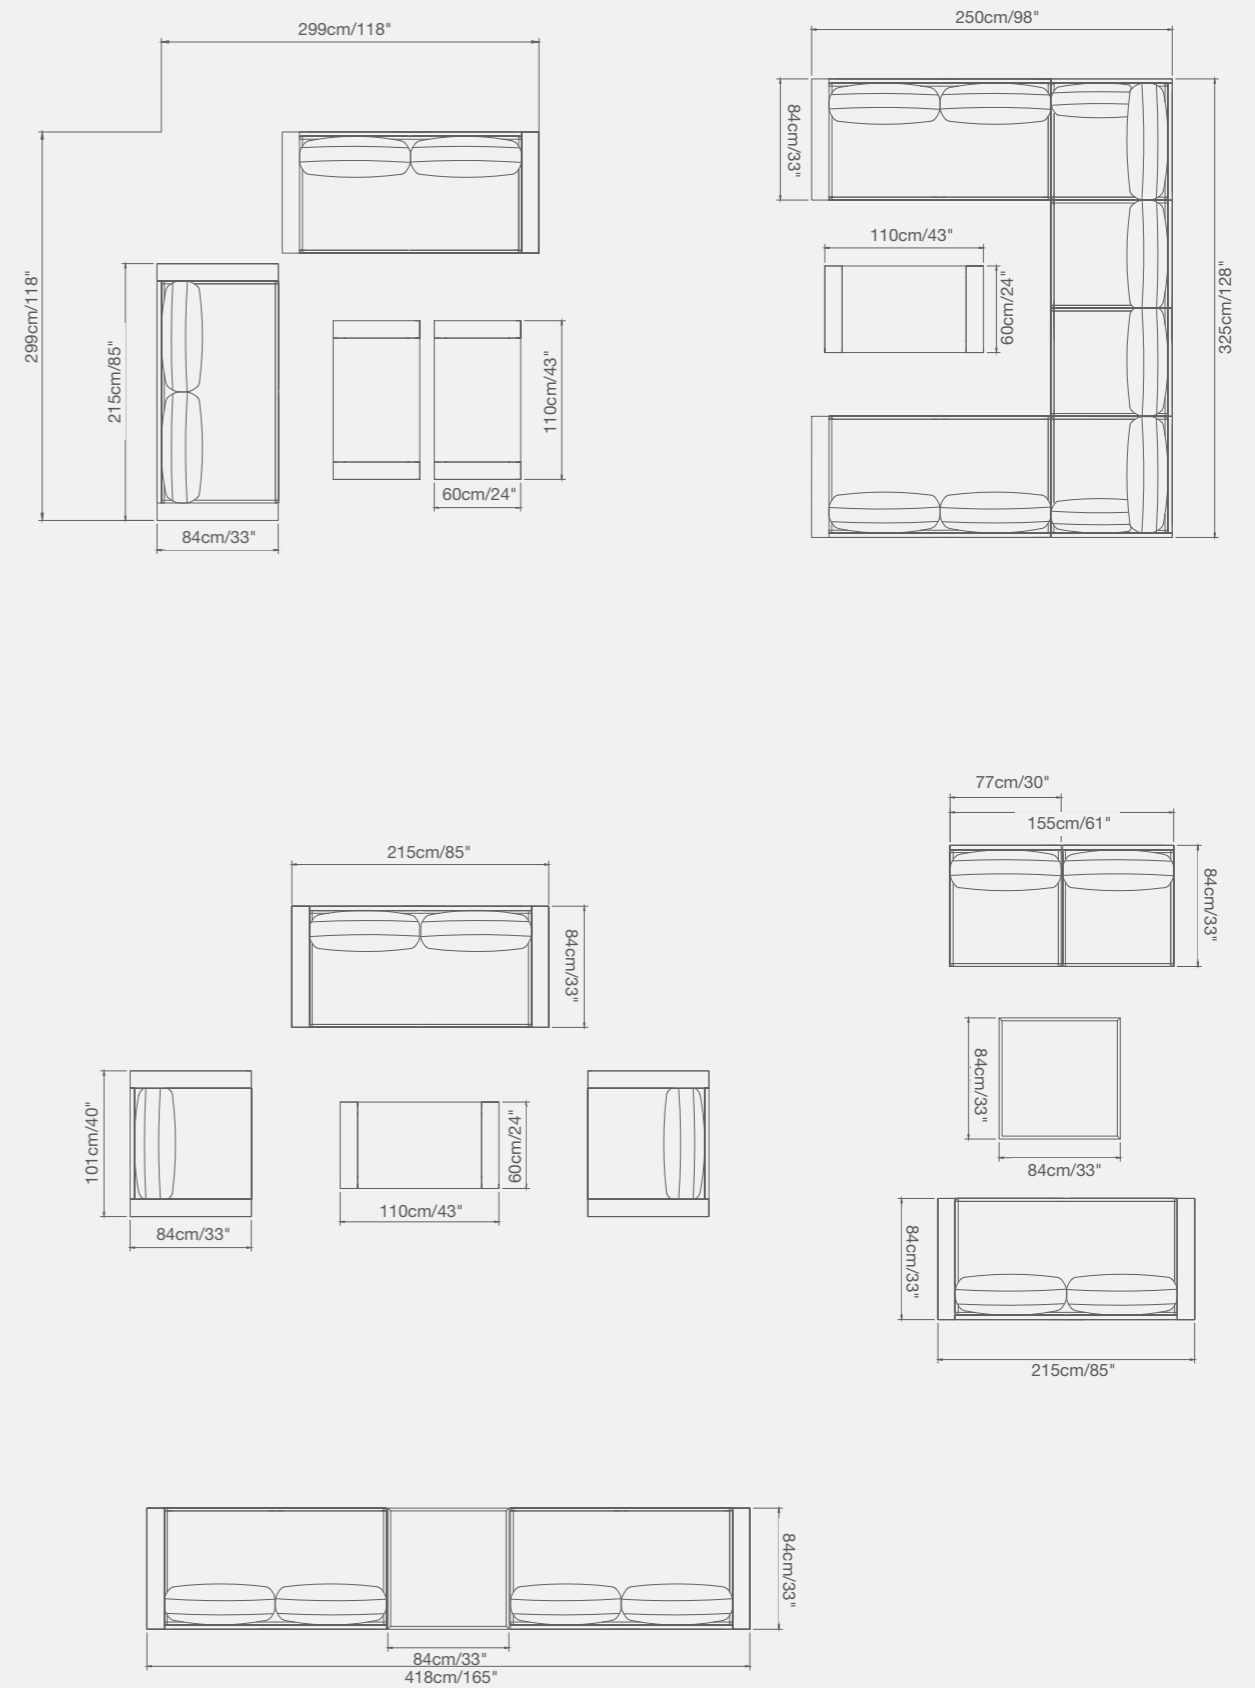

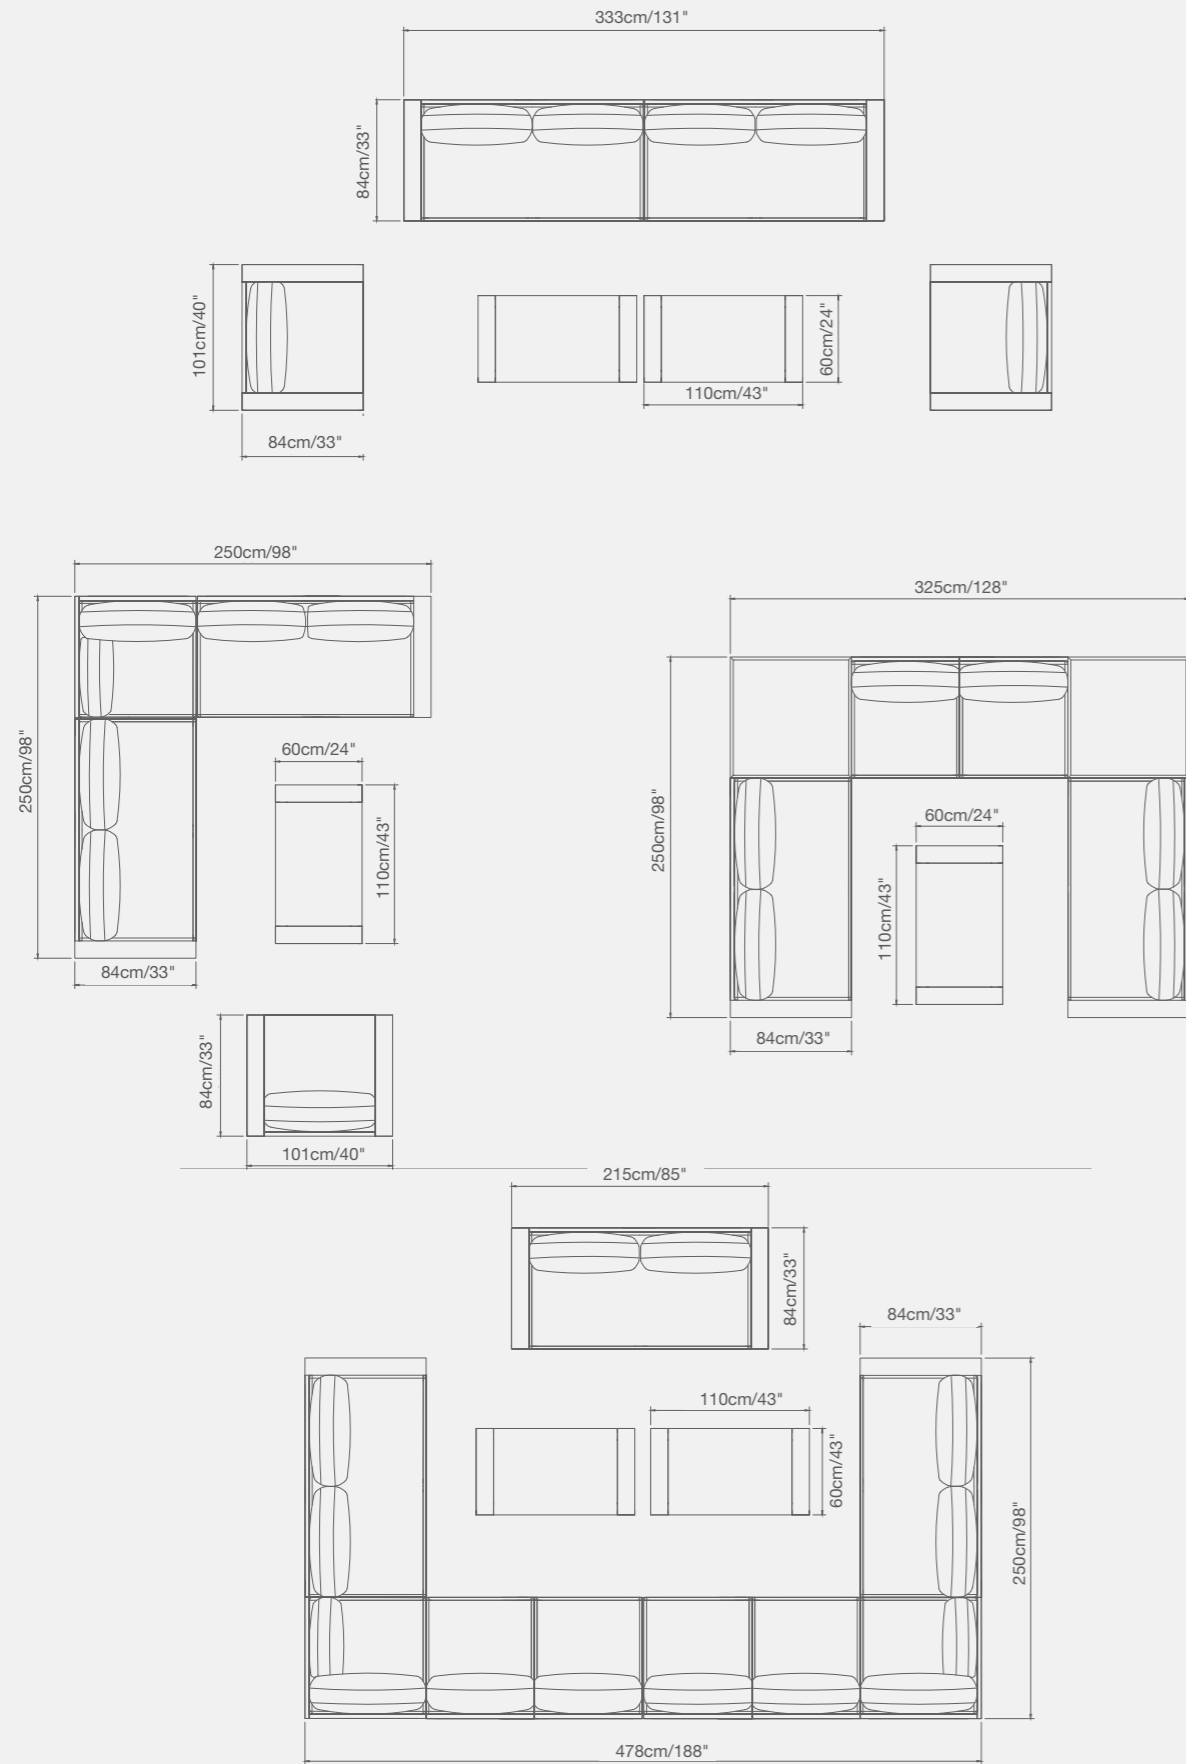

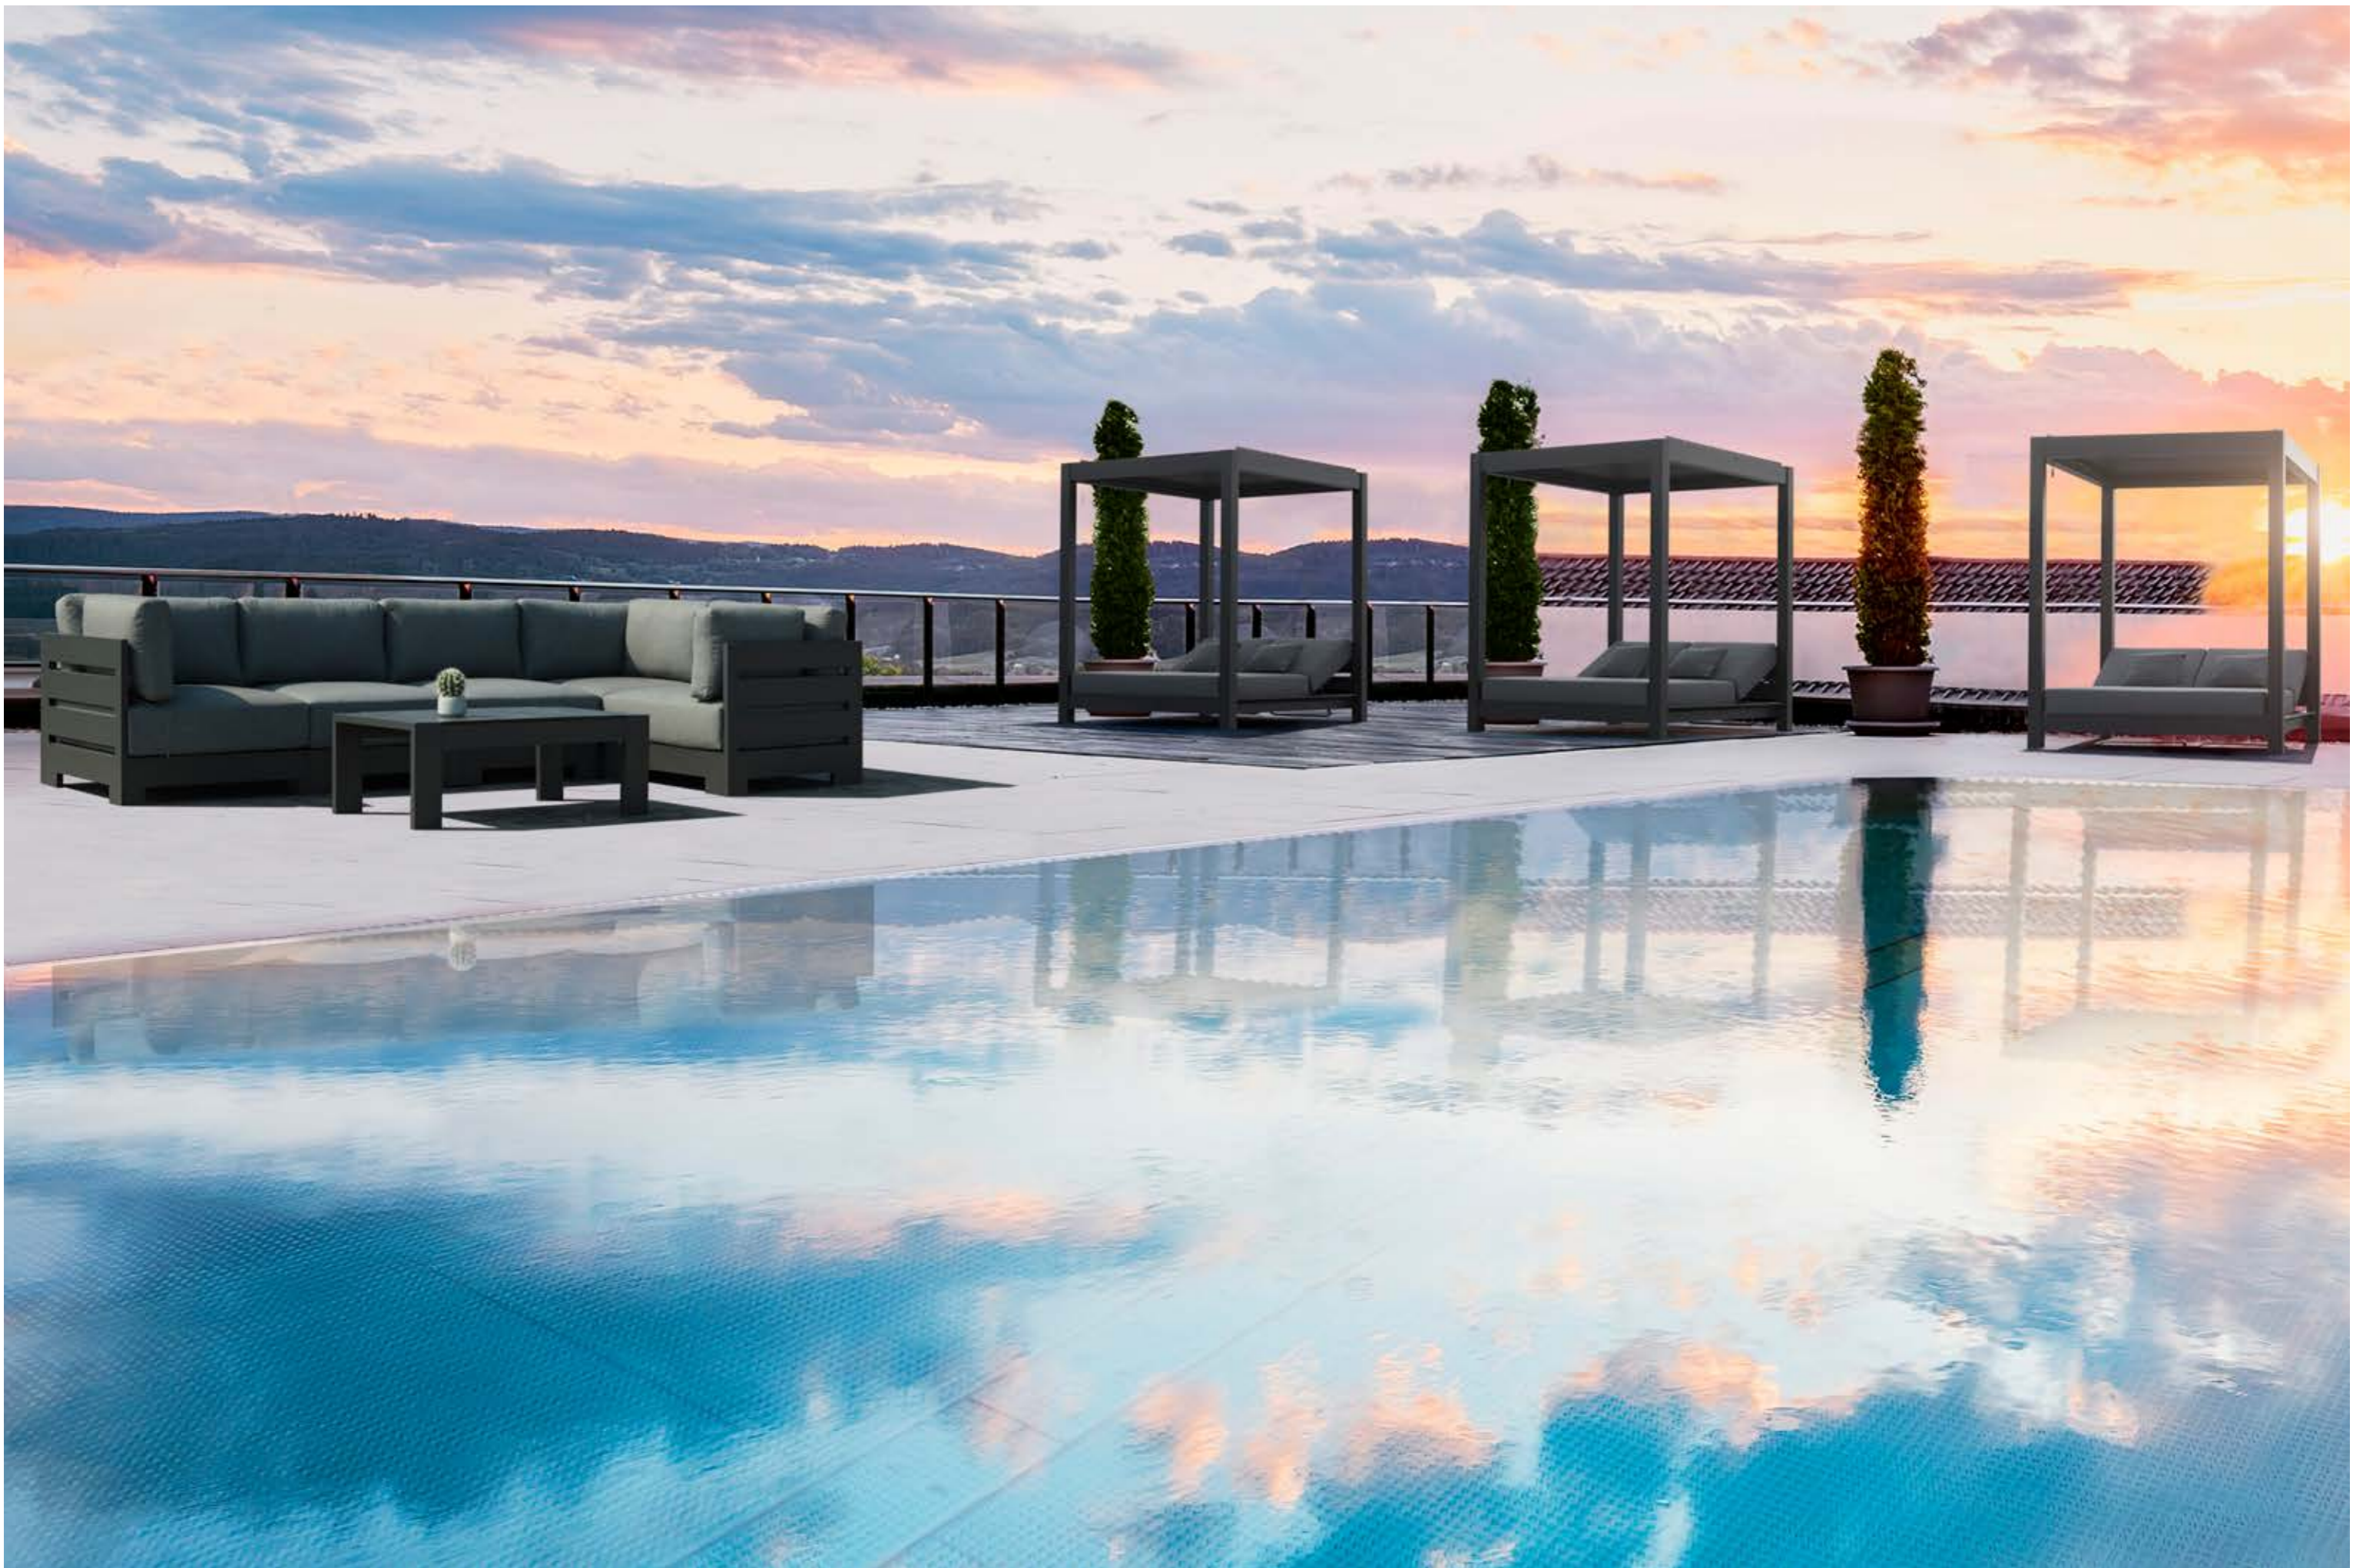

LOUNGE side table LG02 can be added to SKY backs, providing additional functionalities.

SKY CABANA

Under the sun, the moonlight or even a light rain, you will love SKY Cabanas. The 100% recyclable aluminum structure conceals an ingenious roof. Thanks to an easy to maneuver mechanism, the slats can be oriented to let the sun in or out or in between. Should the rain start to pour, hop you go, just rotate the handle to close the roof, the rain will first drip through the side gutters and then evacuate down the four posts, easy and very clever, a little piece of heaven, at your convenience.

ALUWOOD is an innovative finish developed for COUTURE Jardin and expertly applied to our aluminum structures providing a wood look that is beautiful and very durable. Some collections are available in ALUOAK and ALUTEAK finishes. Now you can enjoy the look and warmth of wood without the inconveniences like maintenance, unpredictable color changes, warping and splitting. ALUWOOD outperforms real wood in more than one way, even after years outside.

The wicker is resistant to chlorine, salt water, tanning lotions and oils. Outdoor wicker is completely weather resistant and can be left outside and exposed to the elements all year round.

ALUMINIUM POWDER COATED

Our aluminium furniture is lacquered using **THER** powdercoat finish. The electro-static application method ensures 100% coverage of the alum surface area and provides a consistent and tough finish. The resulting polyester powder-coated surface is flexible and thus knock and scratch resistant, impervious to moisture, highly resistant to corrosion and easy to clean.

ALUWOOD

ALUWOOD is an innovative finish developed for COUTURE Jardin and expertly applied to our aluminium structures providing a wood look that is beautiful and very durable. Some collections are available in ALUOAK or ALUTEAK finishes. Now you can enjoy the look and warmth of wood without the inconveniences like maintenance, unpredictable color changes, warping and splitting, to name just a few. ALUWOOD outperforms real wood in more than one way, even after years outside.

CERAMIC-COATED GLASS

This tempered glass has a baked-on ceramic coating to ensure perfect adhesion and longevity. This application leaves the surface with a distinctive, textured pattern virtually eliminating fingerprints. In addition, the UV proof table top is less reflective than polished glass. Wash with a mild cleaner and soft cloth.

HIGH PRESSURE LAMINATE **HPL**

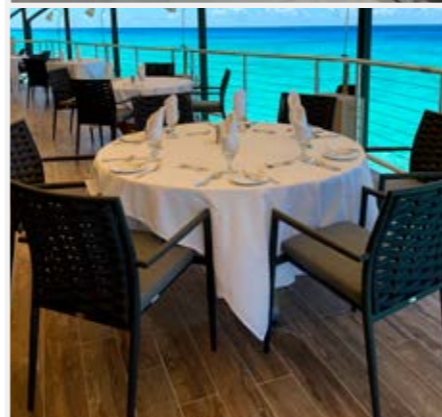

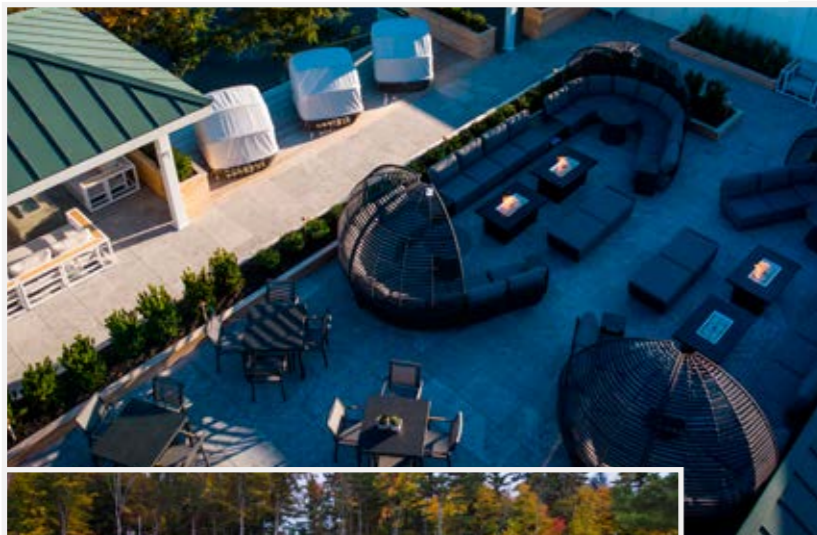

High pressure laminate is perfectly suited for outdoor use. It is resin-impregnated and compressed under very high pressure creating a strong top with a scratch-resistant surface. These table tops basically require no maintenance and can remain outdoor all year round. Compact laminate will naturally fade slightly at the edges over time. In order to maintain the deep black color, the edges can be freshened up by rubbing linseed oil on them. It is recommended to store your furniture under covers in winter or when not in use for long periods of time.

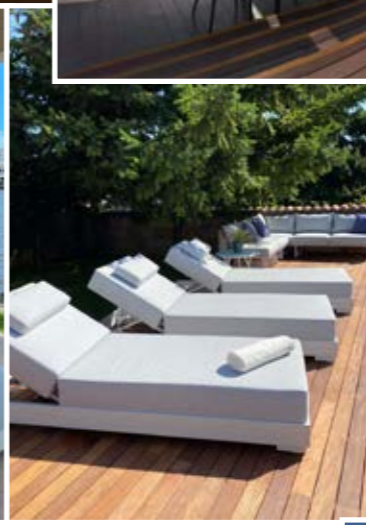

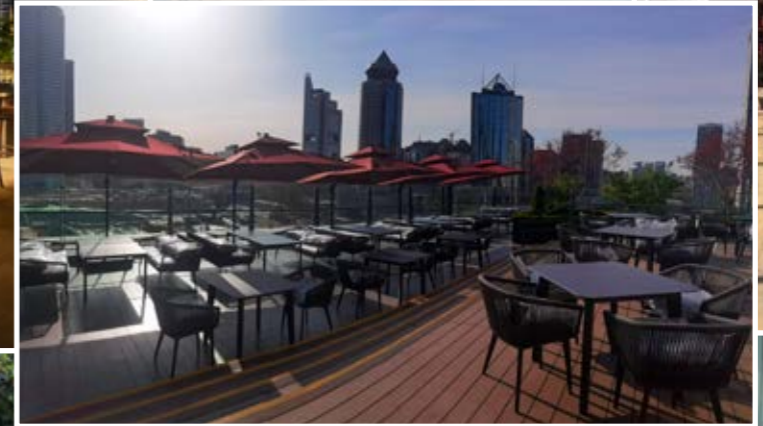

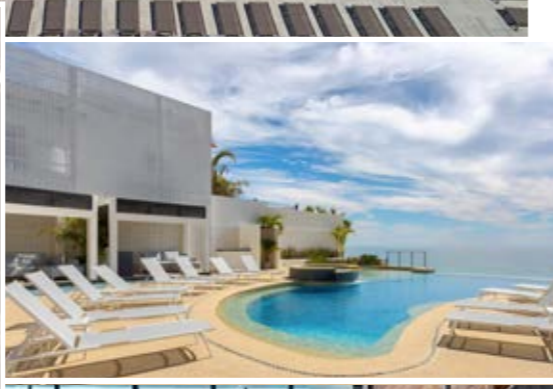

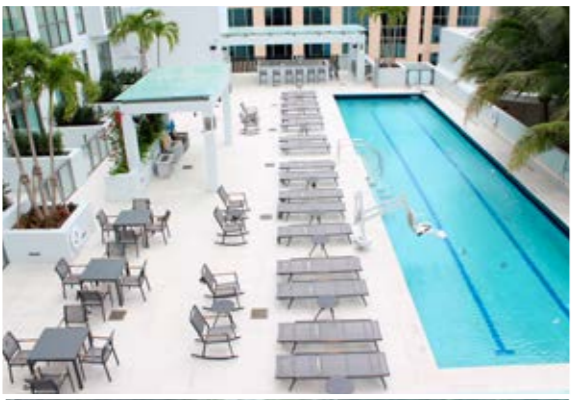

FAUX WOOD

Our faux wood is made of plastic that is UV resistant, waterproof and colourfast. Therefore there is no need to use any conditioner or wood preservative to keep it nice for many years. It is almost maintenance free and easy to clean, you can use a soft rag with a mixture of dish soap and warm water. If needed, a soft brush can be used to loosen any dirt and debris from the surface.
