

DextroGel is an easy to swallow dextrose gel that acts quickly. DextroGel is available in a triple pack of tubes, each containing 10g of glucose, or in an 80g bottle containing 3 x10g of glucose.

For oral use only.

Not to be given to unconscious individuals.

Not recommended for children under 2 years.

Keep out of reach of children.

Do not use if product has been opened or punctured.

Store in a cool place, below 25°C. May be stored in a refrigerator. Store in the original container. Do not freeze.

Do not use after the 'Expiry date' printed on carton.

Directions for use

1. Twist off cap and squeeze required amount inside the cheek.
2. Gently massage the outside of the cheek to aid absorption.
3. Alternatively, squeeze required amount into the mouth and swallow.

Repeat if necessary. Speak to your healthcare advisor regarding your carbohydrate requirements.
