- Fit-out & refurb
- Home improvements

Eco Projects is an ISO accredited, Safe Contractor certified company.

design & build

Eco Projects is an ISO accredited, Safe Contractor certified company providing smart furniture, design and build solutions for any commercial, industrial or residential environment.

Our team of skilled in-house professionals, led by a dedicated project manager, can take care of one part of the job or the entire process – removing the stress of juggling contractors, regulations, budget constraints, suppliers and timescales.

Types of projects:

- New builds
- Refurbs
- Renovations
- Extensions
- Flood damage
- Insurance work
- Emergency response
- Home improvements

fit-out solutions

Eco Projects can provide a turnkey office fit-out solution, delivering innovation and creativity – providing customers with quality working environments.

We believe that every business is unique so our concepts and workmanship can be tailored to suit your individual requirements – at the standard you expect, on time, on budget and with as little disruption as possible.

We supply and fit:

- Carpet and flooring
