**TiAnne Steward**  
Membership Support  
Coordinator

TiAnne Steward was born and raised in Elko. A large portion of her family has lived in the Elko area for generations, which is why she is an advocate for the history of her hometown and the state of Nevada. She moved to Oregon in 2015 where she met her fiancé, Justin. Since then, she has lived in two unincorporated towns in Northern California and Northern Colorado. Living there showed her the impact involvement and connecting with people and surrounding businesses can make on a community. She enjoys being in the outdoors with her family and friends-exploring the foothills, fly fishing, camping, and taking her dog along the way. She also has a passion for leatherworking in her spare time.

**India Saddoris**  
Member Services /  
Visitor Center  
Coordinator

India (Indy) Saddoris was born in New Orleans, Louisiana where she lived for about 10 years, however after Hurricane Katrina, her and her family uprooted to a small German town in Texas called New Braunfels. She lived in Texas for around 11 years, which is also where she met her husband, Bryar Saddoris. Bryar brought her to his hometown a few years ago, Spring Creek, for his niece's graduation and India absolutely fell in love with the area and the Ruby Mountains. They have lived here for almost 4 years now and plan on building their dream home and starting a family. A few things that interest her are camping, boating, hiking, and exploring.

India was hired at the chamber, and her job includes greeting guests, supplying them with information on the Elko area and graphic design. India feels working at the Elko Area of Chamber has truly broadened her knowledge of the Elko area drastically. She is glad she gets to work with amazing staff and is able to volunteer for fun events.

# GET THE GANG BACK TOGETHER

Summertime is here.

While downtime is great, it is also a prime opportunity to get your board and membership together to lay a plan to move forward. It is also a great time to reach out to audiences old and new.

At Gavorsky Consulting, we work with rural non-profits, tribal organizations, and local governments to develop, promote, and manage projects with a constant emphasis on self-sustainability at the community level. Located in Elko, we bring over 9 years' experience collaborating with partners in rural northern Nevada and far beyond.

- Public Outreach and Roundtable Events
- Research Services and White Papers
- Strategic Plan Development
- Board Advisement and Training
- Cultural Program Development and Consultation
- Grant Identification, Writing, Management, and Reporting

GRANTS, OUTREACH, AND CULTURAL PROJECTS WHICH ARE SELF-SUSTAINING AT THE COMMUNITY LEVEL.

# Know the truth about fiber internet services...

## Why you should insist on redundant fiber paths

The fiber line that connects to your home must be connected to "the world wide web." To save cost, other providers utilize a single line that goes to a single server. If that line goes down, so does your connection.

Anthem Broadband utilizes redundant paths and multiple servers. So, if one line goes down, your service is automatically rerouted to another line so that you don't lose connection. At Anthem, we take this a step further by also including redundant local service paths in town.

## Why you should insist on a dedicated connection

There are two main approaches to installing fiber internet. Other providers settle for installing a GPON network which is a point-to-multipoint access network. Put simply, they take a single line from the distribution point and split it out to multiple locations, with as many as 32 homes on one line. So, you may pay for a 1 gig connection, but you're really sharing that connection with up to 31 of your neighbors. You only get a 1 gig connection if you are the only one online.

Anthem Broadband utilizes Active Ethernet (Active E), a point-to-point internet connection. This means you have a dedicated fiber line from your home all the way to the switch. By having a dedicated line, you don't experience fluctuations in speed – You get a direct, dedicated connection and the speed you pay for.

## What about price?

Others may offer lower upfront pricing, but read the fine print – there's a lot of it! Your price will go up after the promotional period. You'll have to "rent" your router for an extra monthly cost, and you'll pay extra per month for managed Wi-Fi. Put plainly, the monthly price advertised is not the price you will pay.

At Anthem, we hate fine print! That's why our monthly prices are all-inclusive and upfront with no hidden fees and no fine print.

## What about service?

At Anthem, we believe contracts are for lawyers, not our honored customers. We believe our products and services are the best, and we don't need to lock you into a lengthy service contract.

We also monitor our network 24/7 so that we can respond to any issues that may arise immediately. Our local service technicians are also available 24/7 to be on-site quickly to address issues and keep your service running.

Dear Sir or Madam,

I'm contacting you on behalf of the Keaton Schomer Memorial Golf Tournament. Keaton passed away in September of 2021 at the age of 26. In the last 4 years of Keaton's life, he battled severe mental health issues that kept him from enjoying the many passions he once treasured. Keaton was an avid golfer and loved the time he spent on the course with his father and grandfather. We would like to celebrate his life and his love for golf by starting a tournament/foundation in his name.

Our goal is to bring mental health awareness, support, and training to Elko County. Rural Nevada suffers from a lack of aid, knowledge, and resources when responding to mental health crises. We would like to help educate the public and first responders about appropriate responses to those suffering from mental health issues. With your help, we can improve the lives of families, individuals, and loved ones who find themselves in this situation.

Your contributions will go towards helping fund the golf tournament with raffle items, prizes, and other supplies. The money raised and the left-over donation will stay in the foundation to be put back into the community to help our goals of providing training and awareness regarding mental health issues.

This event will be held on August 6<sup>th</sup> at the Spring Creek Golf Course registration starting at 7:30 am. It will be a 4-person Scramble, with certain holes being sponsored. The tournament will be followed by lunch, a raffle, and prizes. Your donation or participation would greatly be appreciated to help this important cause.

All donations or items can be made to PACE Coalition @ 147 Idaho St Elko, NV in the name of Keaton Schomer Memorial.

Thank you for your support,

The Schomer Family
