

TRINITYHOUSE

Pre-Primary • Preparatory • High

Succeeding together

In 1997, the remarkable journey of Trinityhouse Schools began, ushering in a new era of education with a modest cohort of 242 students.

Today, we proudly stand as a thriving network of six dynamic campuses, with five across Gauteng and one in George, Western Cape.

United by an unwavering dedication we deliver exceptional education.

Experience the Trinityhouse Schools difference, where students flourish in a nurturing and compassionate environment. Our dedicated teachers are mentors, guiding each student on a path towards becoming confident and joyful individuals. Trinityhouse Schools embraces a holistic educational approach deeply rooted in time-honoured traditions, resulting in a comprehensive education that equips students to excel across all aspects of school life and at every educational stage.

At Trinityhouse Schools, our steadfast commitment to the Christian faith serves as the cornerstone of our educational philosophy. Every facet of our academic programmes is firmly grounded in a profound Christian ethos, fostering the spiritual growth of our students.

We honour our rich traditions and core values while embracing a forward-looking vision for our students' success. In today's ever-evolving world, students face unprecedented challenges and opportunities. They are preparing for careers that are yet to be defined, harnessing technologies that have not yet been created, and addressing global issues that have yet to emerge. At Trinityhouse, we empower our students with knowledge, skills, and adaptability, ensuring they are well-prepared for the future.

"At Trinityhouse Schools, our unwavering dedication to holistic education, encompassing academics, sports, culture, and community outreach, empowers students with the knowledge and skills needed for future success."

TRINITYHOUSE
Pre-Primary • Preparatory • High

At Trinityhouse Schools, our students experience a nurturing learning environment from the very beginning of their educational journey, all the way through to their preparedness for matriculation.

THE SCHOOLS OF
TRINITYHOUSE

TRINITYHOUSE PRE-PRIMARY

Grade 0000 (2 years turning 3) to Grade 0 (R)

We are committed to providing a nurturing environment where your child can thrive. Our curriculum draws inspiration from the Reggio Emilia approach, which values each child's unique perspective and fosters a love for learning. We believe in the power of play-based learning, as it encourages creativity, problem-solving, and social development. Alongside joyful play, we also emphasise the development of foundational skills in math and English. These early literacy and numeracy experiences are crucial for a child's cognitive and emotional development, setting a strong foundation for future academic success. We recognise that every child is a unique learner, and our approach is designed to support their individual growth and curiosity.

Join us in providing your child with the best possible start on their educational journey.

At Trinityhouse, we believe that healthy children are better prepared to learn, grow and thrive. That is why nutritious, freshly prepared meals and snacks are included each day, ensuring children receive balanced nourishment in a caring environment. Mealtimes also provide valuable opportunities to develop independence, good manners and positive social skills as children enjoy eating together.

Grade 1 to Grade 7

At Trinityhouse Preparatory Schools, we believe in nurturing young minds and fostering a love for learning. Our curriculum emphasises not only reading for meaning and excelling in mathematics but also encourages Inquiry-Based Learning (IBL) to stimulate curiosity and critical thinking. We are dedicated to preparing our students for the future, focusing on global competencies that transcend borders and cultures. In this ever-evolving world, we are also tech-enabled, integrating modern tools to enhance education.

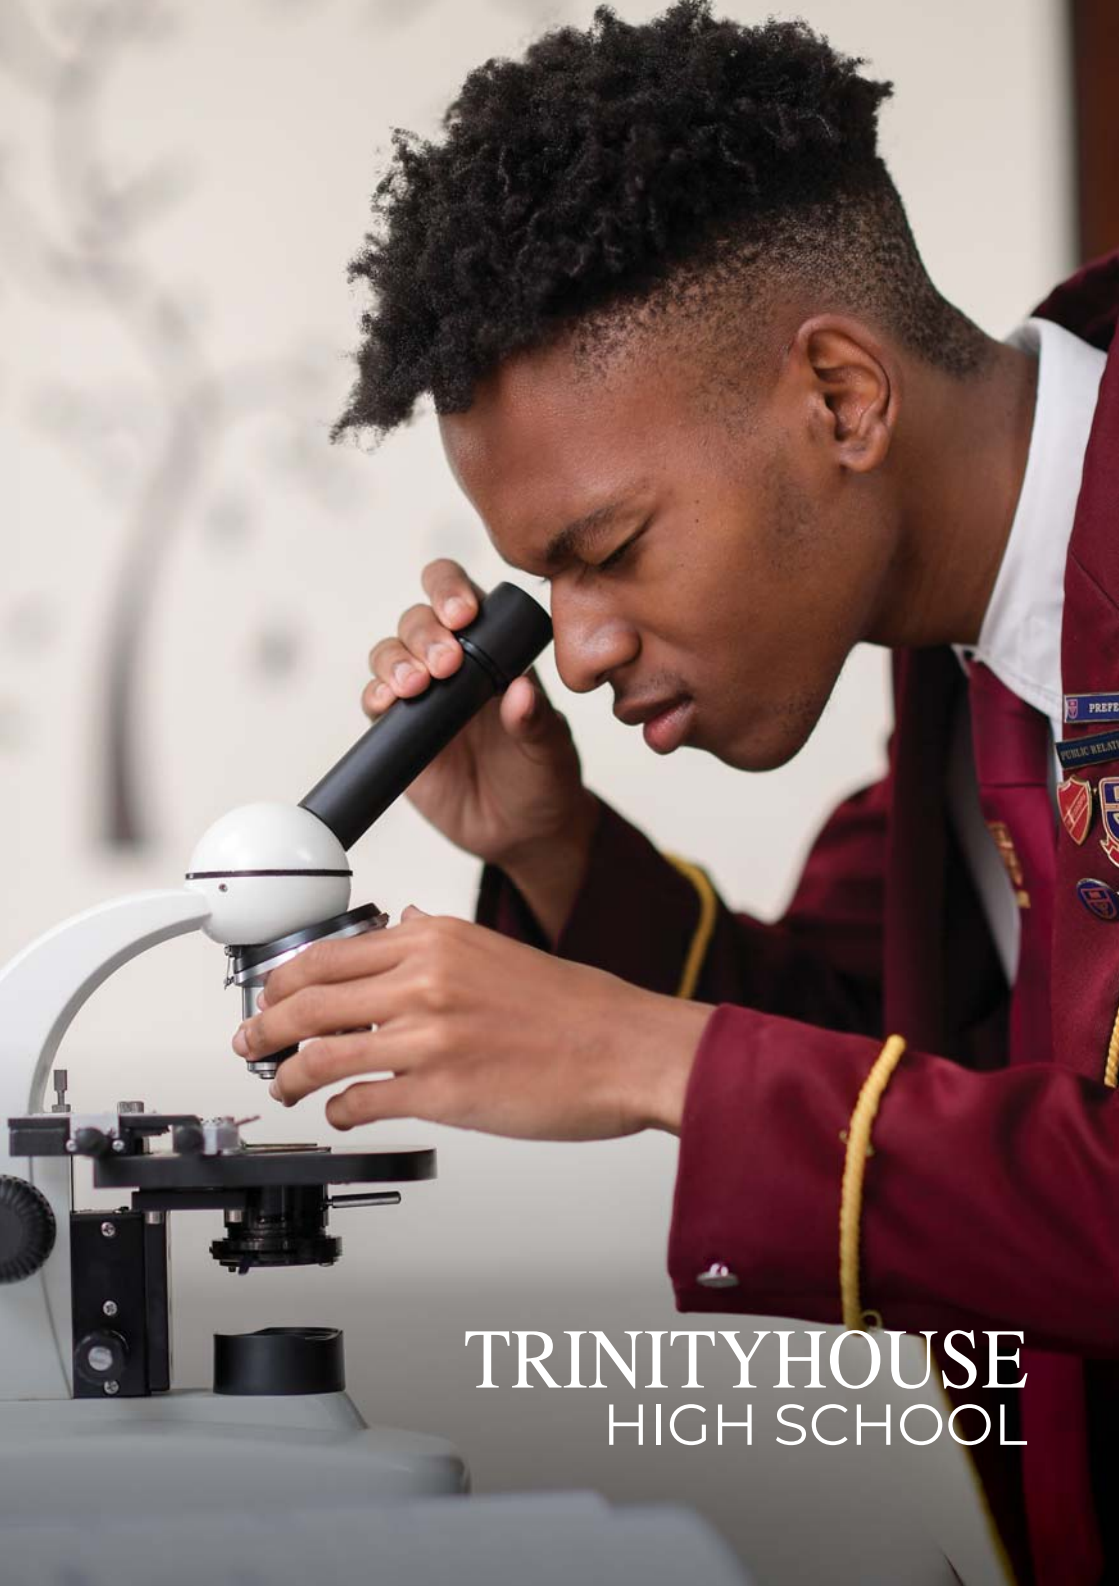

TRINITYHOUSE
PREPARATORY

Grade 8 to Grade 12

At Trinityhouse High Schools, we believe in nurturing the minds of our students to prepare them for a successful future. In Grade 8 and Grade 9, we provide a holistic educational experience, introducing our students to a wide range of subjects to help them discover their passions and strengths. As they progress into Grades 10 to 12, our students have the opportunity to choose subjects that align with their aspirations, culminating in the IEB examination in Grade 12, which opens doors to tertiary education. We uphold high academic standards, ensuring that our students are well-equipped for various tertiary options.

Our curriculum is designed not only for academic excellence but also to develop essential global competencies. We seamlessly integrate technology into our learning environment, empowering students to thrive in the digital age. At Trinityhouse High Schools, we are committed to shaping well-rounded, future-ready individuals.

TRINITYHOUSE
HIGH SCHOOL

ACADEMICS

At Trinityhouse Schools, we empower students with the skills and knowledge needed for overall academic success while fostering global competencies. Throughout their educational journey, students learn to thrive both independently and in collaboration with others, building upon their existing knowledge and venturing into new horizons. We instil the values of hard work and a relentless dedication to knowledge acquisition, ensuring our students are well-prepared for academic excellence and the global challenges of the future.

Academic Strategic Priorities

Teaching and Learning

At Trinityhouse Schools, we take immense pride in our commitment to excellence in teaching and learning. Our curriculum is thoughtfully designed to inspire and prepare our students for a dynamic world. We believe in the power of quality teaching and learning, which forms the foundation of our educational approach. We foster an environment where student engagement and motivation flourish, recognizing that true understanding comes from deep learning. In addition, our rigorous assessment and evaluation processes ensure that every student's progress is carefully monitored and that they receive the support needed to reach their full potential. We are dedicated to nurturing lifelong learning and facilitating personal growth in our students.

Academic support

Every child learns differently and develops at their own pace. At Trinityhouse, we recognise the importance of providing the right support at the right time to help each child build confidence and establish strong foundations for future learning. Our teachers work closely with families to identify individual needs early and provide appropriate guidance and intervention where required, ensuring every child is encouraged, challenged and supported to achieve their personal best.

Apart from imparting the curriculum, we provide academic assistance and enrichment opportunities to our students through structured support sessions and classes.

Technology the Enabler

At Trinityhouse Schools, we leverage technology, including Microsoft Teams as our Learning Management System (LMS), to enhance the classroom experience. Our approach allows for personalised learning, catering to individual needs, and equips students with future-focused skills for success in an ever-changing world. Embracing technology as an enabler, we ensure a forward-thinking, digitally enriched education for our students.

Other platforms that are utilised include the following:

Mini Mash

www.2simple.com/za/mini-mash

Mini Mash is the safe online space for Pre-Primary aged children to learn, create and explore. A range of content is presented in seven learning areas in which a range of engaging content and tools is used.

Purple Mash

www.purplemash.com

Purple Mash is a dynamic online platform designed for educators and students in the foundation phase of Primary School. Its primary goal is to foster imaginative learning. Within this platform, students can engage with subjects like spelling, grammar, and mathematics, while also accessing a variety of open-ended

resources to ignite their creativity. These resources encourage students to explore story creation, art, game design, and numerous other activities.

Serial Mash

www.2simple.com/za/serial-mash

Serial Mash offers an extensive online collection of guided reading books accessible to all. Each term, it provides a fresh chapter every week, along with engaging writing tasks and valuable resources for guided reading, inspiring students to read with a focus on comprehension.

Minecraft Education

<https://education.minecraft.net>

Minecraft Education is a version of Minecraft designed for education in a classroom setting. This programme allows teachers to offer fun and interactive lessons through playing the game of Minecraft. Teachers can create their own lessons for subjects such as languages, art, science, history, computer science, art and design, and mathematics.

Yenza

www.yenzacareers.com

Yenza provides an immersive journey for students to embark on a personal voyage of exploration and self-discovery, culminating in

proactive steps towards achieving their career aspirations. Employing sophisticated psychometrics and algorithmic guidance, Yenza assists students during their Grade 9 year in selecting subjects and continues to offer valuable insights as they advance into Grade 10, 11 and 12, where decisions about their future careers and fields of study become increasingly significant.

Python in Pieces

<https://pythoninpieces.com>

Python in Pieces assists students in shifting from block-based coding, which is employed in preparatory schools to teach coding concepts and structures, to text-based coding, which is essential for high school and advanced levels of education.

Data-Driven Instruction

At Trinityhouse Schools, we embrace the power of data-driven instruction with three core principles: Informed Decisions, Targeted Interventions, and Continuous Improvement. Through data, we make informed choices about each student's educational needs, enabling us to provide personalised, targeted interventions for their growth. This ongoing data analysis ensures that our teaching methods and curriculum are continually refined, guaranteeing a commitment to excellence. Data-driven instruction is at the heart of our

approach, guiding us in nurturing the potential and success of every student at Trinityhouse Schools.

MAP Growth

www.nwea.org/map-growth

MAP Growth is a highly regarded and pioneering assessment tool designed to gauge academic progress and achievement in Mathematics and English, encompassing reading and language skills, across the Grade 0 to Grade 11 spectrum. This assessment equips educators with precise and actionable insights to shape their teaching methods, regardless of whether students are performing above or below their respective grade levels. The primary objective of MAP Growth is to aid teachers in pinpointing both individual and collective learning gaps and then addressing these gaps effectively.

The MAP Growth programme leverages data collected from a staggering 13 million students across numerous countries.

ADvLEARN

www.mathu.co.za

ADvLEARN is a groundbreaking digital learning platform developed in South Africa that provides personalised learning paths using adaptive technology to deliver

data-driven insights and learning analytics. Currently, ADvLEARN is used to enhance learning in Mathematics (Grade 7 - 12), Mathematical Literacy (Grade 10 - 12) and Physical Science (Grade 10 - 12). This approach to teaching and learning seeks to find the gaps in students' learning and then fill in these gaps. Through adaptive technology, the system supports both students who wish to progress faster than their peers and students who require reinforcement of concepts already taught.

Microsoft Insights

Microsoft Teams Insights is revolutionising personalised learning by providing valuable data and analytics to educators and learners. With this powerful tool, instructors can gain deeper insights into student engagement, participation, and performance. These insights help teachers tailor their teaching methods to meet individual needs, ensuring that every student gets a customised learning experience. Students, on the other hand, can track their own progress and receive personalised recommendations to enhance their learning journey. Whether it's identifying areas where extra support is needed or recognising exceptional performance, Microsoft Teams

Insights is a game-changer for personalised education, fostering a more adaptive and effective learning environment.

Global Citizenship

Trinityhouse Schools prioritises 21st-century skills, including Global Awareness, Self-Management, Communication, Research, Thinking, Problem-Solving, Social, and Digital Fluency. We prepare our students to understand the global interconnectedness, manage themselves effectively, communicate with clarity and empathy, and excel in research and problem-solving. Our focus on social skills fosters teamwork and cooperation, and we ensure digital fluency to navigate the evolving digital landscape. Trinityhouse Schools is committed to providing a comprehensive education that equips students for success in an ever-changing world.

Respect Diversity & Inclusion (RDI)

Trinityhouse prides itself on being a school that reflects the diversity that lies at the heart of South African society. Respect Diversity and Inclusivity (RDI) is a framework and programme that has been embedded in Trinityhouse Schools. The programme seeks to equip teachers and students with the language and skills to have conversations about RDI and to make

needed changes and to be brave when discrimination or disrespect is encountered in a school, and to replace these with respect, diversity, and inclusion.

Bridging

(Available at selected Trinityhouse campuses)

Certain Trinityhouse campuses offer Grade 1, 2, and 3 bridging classes designed for children with average to above-average cognitive ability who would benefit from additional support before transitioning into a mainstream classroom environment.

The programme provides a nurturing, structured and inclusive learning environment where students receive personalised support and differentiated teaching to address individual learning needs. While aligned with the requirements of the South African curriculum, the programme is adapted to ensure that each child can learn, develop and progress at an appropriate pace.

Bridging is particularly suited to children who may be experiencing barriers to learning and who may benefit from a smaller class setting and more individualised support. The goal is to build confidence, strengthen foundational skills and equip students for successful integration into a mainstream classroom when they are ready.

Students remain fully involved in the life of the school and participate in all enrichment subjects, including Music, Art, Drama, Edtech and Physical Education, as well as the school's co-curricular programme.

Placement in a bridging class is subject to a comprehensive admissions process, which may include a full Educational Psychologist's assessment. Availability is limited and placement will be based on each child's individual needs and suitability for the programme.

Empowered Teachers

"But the fruit of the Spirit is love, joy, peace, patience, kindness, goodness, faithfulness, gentleness, self-control; against such things there is no law."

Galatians 5:22-23

At Trinityhouse Schools, we empower our teachers through capacity building, fostering a culture of lifelong learning, and promoting continuous improvement. Our teachers are equipped with the tools and support they need to excel in their roles, ensuring that they remain dedicated to the ongoing enhancement of their teaching methods. This commitment to teacher empowerment creates an environment where students thrive and succeed.

The Trinityhouse teacher serves as a guiding mentor for students, embodying a positive role model and implementing a teacher-mentor approach within the classroom. The cornerstone of the student-teacher relationship is founded on mutual respect.

The Trinityhouse teacher cultivates a classroom atmosphere where:

- Stimulating educational encounters inspire and push students to give their utmost effort.
- They uphold professional relationships while setting and respecting healthy boundaries.
- Diversity and individuality are honoured and commemorated.
- They sustain elevated standards in areas such as teaching and learning, classroom administration, lesson planning, assessment, and reporting.

The Trinityhouse teacher consistently maintains their professional expertise by:

- Staying current and aligned with educational guidelines and advancements.
- Embracing constructive feedback about their teaching methods and actively seeking assistance, counsel, and direction when needed.

Every Trinityhouse teacher possesses the necessary qualifications and experience, holds registration with the South African Council of Educators, and undergoes a thorough interview and vetting procedure before being appointed.

TRINITYHOUSE SPORT

At Trinityhouse, we believe that learning goes beyond the confines of the classroom. Our commitment to a well-rounded education includes a vibrant array of extracurricular activities.

We have a deep passion for sports. Our students experience the thrill of both individual and team-based sports, all within a framework of exceptional facilities and expert coaching. These activities instil in our students a powerful sense of focus, a drive for success, a healthy competitive spirit, and a strong camaraderie. Many of our current and former students have proudly represented their schools at provincial and national levels in a variety of sports, including Athletics, Rugby, Netball, Hockey, Cricket, Chess, Cross-Country, Swimming, and Tennis.

Our dedicated teachers actively participate in our sports programmes, whether by providing coaching or managing teams. This involvement fosters a unique bond between teachers and students, all in a fun and relaxed environment.

At Trinityhouse, we encourage every student to join our sports programmes. We believe that sport plays a pivotal role in shaping well-rounded individuals and enriching their educational experience.

TRINITYHOUSE CULTURE

At Trinityhouse, our students are a vibrant tapestry of diverse talents, and the rich tapestry of Arts & Culture is interwoven into their daily lives. We provide a nurturing environment where our students can flourish and refine their skills in a multitude of artistic activities.

For those with a passion for the performing arts, our extramural offerings are a stage waiting to be explored. Immerse yourself in the world of Drama, Public Speaking, Debating, Choir, Band, and so much more. Our students have the incredible opportunity to take part in major and minor productions, engage in play festivals, compete in monologue competitions and variety shows, and showcase their talents in Eisteddfods and other cultural contests.

At Trinityhouse, we foster a culture of participation. We encourage each one of our students to seize the stage and take part in our vibrant cultural programme. It's a stage where talents are honed, creativity is celebrated, and the spotlight is waiting for you to shine.

TRINITYHOUSE SCHOOL SPIRIT

A strong sense of belonging lies at the heart of the Trinityhouse experience. We believe that children thrive when they feel valued, connected and part of a community where they are known and encouraged. Through meaningful relationships, shared traditions, sport, “Gees-week” activities and everyday school life, we foster a spirit of pride, teamwork and mutual respect. This strong sense of community helps every student develop the confidence to contribute, the courage to grow and the character to make a positive difference in the world.

TRINITYHOUSE OUTREACH

At Trinityhouse, we firmly believe that blessings are meant to be shared. Our commitment to Outreach Programmes is an integral part of our life here, serving as a vital avenue through which our students learn that the gift of good fortune should never be taken for granted.

Our Outreach activities encompass a wide spectrum of initiatives, ranging from charitable endeavours and generous donations to heartfelt collections and selfless assistance. It is through these acts of giving back that our students come to understand the true essence of Outreach. They discover that it entails offering not only their resources but also their time, talents, and a piece of themselves to make a positive difference in the lives of those in need.

Join us in fostering a culture of compassion, kindness, and giving as we continue to extend our hands and hearts to those less fortunate through Trinityhouse Outreach Programmes. Together, we can create a brighter and more inclusive future for all.

HOW TO ENROL

Enrolment is a simple online process that is completed by visiting www.trinityhouse.co.za

An application is to be completed accompanied by the following:

- Applicant's birth certificate
- Latest academic report
- Parent/Guardian ID
- Application fee (payable online)

The application will be assessed and, once accepted, a non-refundable enrolment fee becomes payable to secure the applicant's place.

Trinityhouse schools are in high demand, and parents and guardians are encouraged to apply timeously to avoid disappointment.
