

York County, with the cities of Biddeford and Sanford, is the southernmost county and the second most populous, with approximately 38,200 children.

### Areas of Strength

York County had the second lowest poverty rate and the third highest household median income. York also had the second highest high school graduation rate and third lowest rate of secondary students who are chronically absent (18 or more excused or unexcused days). When communities have both strong economies and quality education programs for all students, children have greater opportunities to be successful.

| INDICATOR               | STATE RANK |
|-------------------------|------------|
| Child poverty           | 2          |
| High school graduation  | 2          |
| Median household income | 3          |
| Chronic absenteeism     | 3          |

### Areas of Challenge

York County was the only county with no rankings in the bottom three. York, however, had the fourth lowest rate of four-year-olds attending public preschool as well as the fourth lowest rate of child care sites that are of high-quality in the QRIS system. Attention to the educational, social and emotional needs of children under age five is important to build a foundation for success.

| INDICATOR          | STATE RANK |
|--------------------|------------|
| Public preschool   | 13         |
| Quality child care | 13         |

Maine KIDS COUNT®, a project of the Maine Children’s Alliance, has been part of the national KIDS COUNT® network, funded by the Annie E. Casey Foundation (AECF), since 1994. KIDS COUNT puts together in a user-friendly internet platform the most recent, reliable data available on the well-being of children in Maine and in the nation.

From the hundreds of available indicators in the areas of health, education, and social and economic status on KIDS COUNT, the selected indicators in this County Profile are among those with county-level information, where it is clear which direction we want the indicator to go. By understanding the data and making informed policy decisions in response, we can help ensure children and families in Maine have the best opportunity to thrive.

Each County Profile includes a summary of the county’s strengths and challenges, some demographics, and then the 14 indicators of child health and well-being for the current year, previous year and in comparison to the state rate.

**DEMOGRAPHICS**

|  | York   | Maine   |
|--|--------|---------|
| Children under age 5, 2020                                     | 9,598  | 63,380  |
| Children ages 5 -17, 2020                                      | 28,604 | 184,572 |
| Total Children ages 0 -17, 2020                                | 38,202 | 247,952 |
| Births, 2021   | 1,850  | 12,001  |
| Children of color, Census 2020 †                               | 5,429  | 41,514  |
| Children in poverty, 2020                                      | 3,293  | 30,612  |

| Prenatal care in first trimester, 2020               | 1,573          | 91.1%        | 91.1%         |                  | 90.2%      |
| Immunization rate, ages 24-35 months, CY 21, Q4      | 1,435          | 69.4%        | 67.8%         |                  | 72.0%      |
| Children in foster care, 12/31/21, (rate per 1,000)  | 235            | 6.2          | 6.1           |                  | 9.0        |
| Substantiated child abuse CY 2021, (rate per 1,000)  | 586            | 15.2         | 16.5          |                  | 16.9       |

**SOCIAL AND ECONOMIC**

|   | Current number | Current rate | Previous rate | Better or Worse? | State rate |
|---|----------------|--------------|---------------|------------------|------------|
| Child poverty, 2020                                   | 3,293          | 8.9%         | 9.9%          |                  | 12.8%      |
| Median household income, 2020                         | N/A            | \$67,965     | \$66,803      |                  | \$59,145   |
| Teens not in school and not working, 2016-2020        | 279            | 3.1%         | 2.7%          |                  | 3.7%       |
| Unemployment Rate, 2021                               | N/A            | 4.5%         | 5.0%          |                  | 4.6%       |
| All parents in workforce, children under 6, 2016-2020 | 11,165         | 70.0%        | 73.7%         |                  | 70.1%      |

**EDUCATION**

|   | Current number | Current rate | Previous rate | Better or Worse? | State rate |
|---|----------------|--------------|---------------|------------------|------------|
| Four-year-olds in public preschool, 2021-2022                     | 694            | 34.4%        | 29.0%         |                  | 42.5%      |
| High school graduation rate, 2021                                 | 1,729          | 89.4%        | 90.8%         |                  | 86.1%      |
| Secondary school students who were chronically absent, 2020-2021* | not available  | 16.4%        | 18.3%         |                  | 20.9%      |
| Child Care sites at QRIS level 3 or 4, Dec 2021                   | 27             | 14.1%        | 11.2%         |                  | 17.7%      |

= Better, = Worse, = No change (defined as less than 1% change) compared to county data from prior year.

**Note:** MEA reading tests were not conducted 2019-2020 school year, due to Covid-19 school closures. The 2020-2021 reading test was new and did not include proficiency determinations.

†See [Census 2020 Children by race/ethnicity](#) for the numbers and percents for children of each race and ethnicity: Hispanic or Latino; and among Non-Hispanic children of the following races: American Indian or Alaskan Native; Asian or Pacific Islander; Black or African American; Two or More Races or Some Other Race; and White.

\*Chronic absenteeism is based on eighteen or more excused or unexcused absences and is an unweighted average of secondary schools, not taking into account the number of students per school.
