PlayHQ Changes 2026:

The new PlayHQ cricket interface went live on 9th October 2026.

“Scoring itself hasn't changed -the way you record runs, wickets and extras is the same. What's changed is how quickly you can find things, how much stays visible without leaving the scoring screen, and how confident you can be that your scoring has actually saved.

The redesign is based on direct feedback from active club and volunteer scorers, and focuses on four things they told us mattered most: keeping chase information (runs to win, required run rate) visible at all times, confirming who's on strike at a glance, editing an earlier ball directly rather than through a menu, and knowing for certain that scoring has synced.”

2026 Changes

Changing the Strike Batter or Bowler + Other Screen Info

<https://support.playhq.com/hc/en-us/articles/23973978575900-Cricket-E-Scoring-Changing-a-Batter-or-Bowler>

The screenshot displays the PlayHQ Cricket E-Scoring interface for a match between Bundaberg Scorpions and Kalgoorlie Miners. The interface includes several key sections and controls:

- Top Bar:** Shows the score (0-0), the number of balls (119), and the number of wickets left (10). The score is also displayed as 0-0 with two black circles.
- Batter Options:** A button in the top right corner, circled in pink, used to change the batter.
- Over 0.1:** A section on the left showing the current over (0.1) and a progress bar, circled in pink.
- Batters:** A table showing the current batters and their statistics. Adam Harris is the current batter, with 0 runs, 0 balls, 0 wickets, 1 strike, and 0.0 runs per ball. Kat Bell is the other batter, with 0 runs, 0 balls, 0 wickets, 0 strikes, and 0.0 runs per ball. The partnership is 0 runs, 0 balls, 0 wickets, and 1 strike.
- Bowler:** A table showing the current bowler and their statistics. Nathan Bennett is the current bowler, with 0.1 balls, 0 runs, 0 wickets, 0 strikes, and 0.00 runs per ball.
- Change Bowler:** A button in the bottom right corner, circled in pink, used to change the bowler.
- Ball Events:** A section on the right showing the current ball event (Dot ball) and the bowler's name (Nathan Bennett to Adam Harris).

Batters	R	B	W	SR
Kat Bell	0	0	0	0.0
Adam Harris	0	0	0	1 0.0

Bowler	B	R	W	SR
Nathan Bennett	0.1	0	0	0.00

2026 Changes

Recording Wickets

Recording additional information with wickets –always hit the wicket button first. You can include runs etc. in the wicket section.

The screenshot displays a cricket scorekeeping application interface for the Bundaberg Scorpions. At the top, the score is 0-0, with two black circles representing wickets. The interface includes a sidebar with a menu icon and '1st Innings'. The main area shows the team name 'Bundaberg Scorpions', a 'Batter Options' dropdown, and a summary of the current over: 0.00 CRR, 148 Balls Left, and 10 Wickets Left. Below this is a table of batters with columns for Runs (R), Balls (B), 4s, 6s, and Strike Rate (SR). Adam Harris is the current batter with 0 runs, 2 balls, and a strike rate of 0.0. Kat Bell is also listed with 0 runs, 0 balls, and a strike rate of 0.0. The bottom action bar contains buttons for recording events: Dot, 1, 2, 3, 4, 5+, Wicket (highlighted with a red circle), Wide, No Ball, Bye, Leg Bye, Penalty Runs, and an Undo button. The right sidebar shows 'Ball Events' for Over 1, with two dot balls recorded.

Batters	R	B	4S	6S	SR
AH Adam Harris	0	2	0	0	0.0
KB Kat Bell	0	0	0	0	0.0

Partnership	R	B	4S	6S
Partnership	0	2	0	0

Bottom Action Bar: Dot, 1, 2, 3, 4, 5+, Wicket, Wide, No Ball, Bye, Leg Bye, Penalty Runs, Undo

Scoring Tips

Scoring tips from 13th October 2026 meeting:

- Always watch the game
- Scorer records umpire's signal, even if they do not agree. Checks can be discussed during breaks.
- Scorers confer for each event, check agree at end of each over
- In Orange with internet reception –e-score and book score.
- To preserve battery power on your device, reduce screen brightness
- For any edits required after the score has been submitted, contact your club delegate as soon as possible post match. Any changes outside 72 hours of the match are not easily changed and require club delegate to contact ODJCA.
- The 4 digit PIN recorded at the commencement of scoring the match needs to be used by the scorer at the end of the match to submit the score.
- Only Cricket Australia registered players in the ODJCA competition are permitted to participate in the match. If adding a player they need to be registered.

Wides

Answer to Query

To score a single wide where there was no runs then simply click 'wide'.

Where there is a wide with runs then click the ... (3 dots on the Wide) and add the number of wides. For example, where there was a wide and 1 run it would be included as 2 wides so the total number of wides in the dialog box should be 2.

Apply Total Wides

No Ball + Runs

Answer to Query

To score a single No Ball where there was no runs then simply click 'No Ball'.

Where there is a No Ball with runs then click the ... (3 dots on the No Ball) and add the number of runs only –do not include the no ball itself.

For example, where there was a No Ball and 1 run it would be included as 1 in the Runs dialog box.
