

FOR IMMEDIATE RELEASE

Windham Body Shop Introduces Guardsman Collision Care: New Protection for Life After A Collision

New Albany Ms. — At **Windham Body Shop** we're committed to going beyond the repair. That's why we're proud to introduce **Guardsman Collision Care** — a new way to protect our customers from the unexpected costs that often follow a vehicle accident.

Even with insurance, many drivers are left paying out-of-pocket for deductibles, non-factory parts, limited towing, or uncovered rental costs. **Collision Care** is designed to fill those gaps — so you're protected where your insurance may fall short.

Collision Care Benefits Include:

- Up to **\$500 deductible reimbursement**
- Up to **\$2,000 in OEM factory parts coverage**
- **100-mile towing assistance**

For drivers who want even more peace of mind, we offer **Collision Care+**, which adds:

- Secondary Coverage up to **\$50/day rental for 30 days** after a future accident when Insurance coverage runs out

Individual or Family Coverage available

Under the family plan, every vehicle under your insurance policy is covered — with no long-term commitment. Choose convenient monthly billing or prepay annually.

“Our customers trust us to look out for them — and Collision Care helps us do exactly that,” said Robbie Windham, Owner “It’s protection for what happens next, and it brings real value long after the repair is done.”

Collision Care is now available exclusively through
