NEWSLETTER | JANUARY 2026

A MESSAGE FROM YOUR EXECUTIVE DIRECTOR

There's a certain feeling that comes over you in a great old cathedral—something that hushes the world outside and draws you into a kind of quiet awe. Sunlight streams through stained glass, scattering blues and reds across smooth wood, intricate railings, and sometimes the gleaming pipes of an ancient organ, each sound echoing up into spaces shaped perfectly to carry music and prayer. It's hard to put into words, but you can almost feel the place hum inside your chest—a comfort, a stillness, a mysterious sense that something inside you is being soothed.

For centuries, we've chalked up the beauty of these buildings to faith and artistry. Yet, as science has peeled back more of the mystery, another truth emerges: their creators may have been working with a level of knowledge that still astounds us today. Many cathedrals were built to magnify certain sounds—low chanting, the deep swell of an organ, even a single clear bell—so that their vibrations linger long after the last note fades. Researchers are now finding that some of these sonic frequencies, by pure design or ancient intention, may even help calm our minds, steady our breath, and encourage a gentle kind of healing that everyone, regardless of background or belief, can sense.

It leaves me wondering—what else did those master builders understand about lifting spirits and fostering togetherness, knowledge that we're only now rediscovering? Perhaps it's not just the architecture or music, but the experience of being in a space built by many hands for the well-being of all. Maybe it's the simple fact that when people gather under a shared roof, supporting each other through silence or song, something in us finds a sense of belonging and peace.

We don't need stained glass or soaring arches to benefit from this ancient wisdom. Every day, in our own spaces—dining halls filled with laughter, patios humming with quiet conversations, even hallways lit by a friendly greeting—we create our own kind of resonance. The kindness, patience, and encouragement we offer ripple out, reaching further than we imagine and carrying a subtle, lasting comfort.

As we step into a new year, let's remember that we're all builders in our way—shaping environments with our choices and the warmth we share. May our community continue to be a place where hearts are lifted, spirits are steadied, and the gentle music of acceptance and care never fades.

Wishing you a harmonious and hopeful year ahead,

Larissa Kostal

MEET BETTY HARTIGAN: 102 YEARS OF LOVE, FAMILY, & PASTA SAUCE

With January here, we're excited to celebrate a very special birthday—Betty Hartigan will soon turn 102. Born into the loving embrace of her parents, Francis and Andrew LaGatutta, in Buffalo,

New York, Betty grew up as the lively middle child amid a bustling household that included her older brother Andrew, younger sister Francis, and baby brother Casey. Life in their traditional Italian family was filled with laughter, warmth, and the comforting smells of home-cooked meals.

From a young age, Betty was drawn to the heart of the home—the kitchen. She would often be found at her mother's side, learning the art of Italian cooking, a passion that would flourish and stay with her throughout her life.

After graduating from Grover Cleveland High School, fate introduced Betty to Raymond on a blind date that would change her life forever. Raymond was home from serving overseas in Germany during World War II, just briefly before

shipping back out. But distance couldn't dim their connection. They kept their love alive through countless letters, pouring out their hearts until they were reunited and married soon after Raymond's return.

Together, they built a vibrant family of five children: Patricia, Dennis, Michael, Linda, and John. Over the years, Betty's family blossomed with grandchildren, great-grandchildren, and even great-great-grandchildren—a legacy so large, she jokes, it's impossible to count them all!

One of Betty's most cherished traditions was her Sunday family dinners, a lively gathering around a table filled with love, stories, and of course, the pasta sauce that earned her the affectionate title of "queen of the kitchen." Those meals were more than food—they were a celebration of family, connection, and joy.

As Betty prepares to celebrate 102 remarkable years, we honor the story she's woven—a tapestry of love, resilience, and heart. Happy upcoming birthday, Betty. We are truly blessed to have you as part of our community.

Nancy Mahoney JANUARY WINNER

"If anyone forces you to go one mile, go with them two miles." Matt 5:41

We're delighted to announce that Nancy has been chosen as this month's recipient of the "Going the Extra Mile" Award—a recognition that's truly well-deserved.

Nancy was nominated because she embodies everything this award stands for: initiative, reliability, and a heart for service that impacts every corner of Legacy Village. Over her five years as one of our dedicated Concierges, Nancy has become known for her upbeat attitude, strong work ethic, and tireless commitment to both residents and coworkers.

She's the first to step in when something needs doing—whether it's cheerfully reorganizing the library, pitching in on administrative tasks, or

brightening a quiet night shift with a friendly word. Nancy brings the same warmth and professionalism to every challenge, setting a high standard and making our community feel more like home.

What truly sets Nancy apart is her ability to notice what needs attention and take action, no matter how big or small the task. Her willingness to go above and beyond, without waiting to be asked, lifts everyone around her and helps our nights run smoother for both residents and staff.

Nancy, thank you for your incredible commitment and for making a real difference at Legacy Village. Please join us in congratulating her on this well-earned recognition—you inspire us all, every single day.
