

RPP: REMOTE POWER PANEL+

The scalable and reliable Remote Power Panel combines built-in branch circuit monitoring and finger-safe IP20 protection to deliver more capacity, clear visibility, and safer operation for data centers, colocation, and mission-critical facilities.

TECHNICAL DATA

Voltage : 120/208V or 480/277V

Ampacity : 250A to 600A, 100% rated

Circuit Configurations : 42 or 84 circuits

Enclosure dimensions: 78" or 90" × 24" × 12"

Main Protection: 100% rated MCCB, electronic trip

Branch Protection: UL 489 branch circuit breakers

Short-Circuit Rating: 25kAIC through 65kAIC

Monitoring: Integrated branch circuit monitoring, HMI touchscreen display

Protection: IP20 finger-safe

Cable Entry: Front Access / Top Cable Entry

Agency Listings: UL 67, UL 891
