Hello from the third floor,

Time is passing in a swirl of activity at our historic house this Spring. The Museum’s summer season starts on May 18th for International Museum Day, but there is still a lot left to do before we open the doors to the public.

We are finalizing an enhanced Charles Albert Tindley exhibit with audio recordings of excerpts of his sermons and songs. Another new exhibit featuring the historic Briddell Family will also be installed Spring 2022.
before the Museum opens.

Several of our pre-Covid docents are returning to help this summer, but docents are always needed so please contact the Museum if you would like to volunteer. This year we have self-guided tour booklets for visitors who prefer to explore the house and exhibits on their own. Docents will be available for the usual guided tours and to answer questions. We have a new condensed docent packet, with a separate binder of additional information available for visitors and docents who want to learn more.

Be sure to visit the Museum this summer to see all of our updates. Susan Taylor
