SUMMIT

The Minnesota Leadership Council on Aging works to unite leaders in advancing equitable opportunities for all Minnesotans as we age.

This December, at our 2025 Summit: *Purpose, Policy, Power*, our Delegates will welcome hundreds of cross-sector leaders, including aging service executives, state and local government officials, funders and other policymakers and community changemakers at Minnesota's only systems-level conference focused on aging policy.

WE HOPE YOU WILL JOIN THE CONVERSATION.
