## NEW AT THE SHOWROOM... PRISM FIRE PEAFURES

Cooler evenings are the perfect excuse to gather around the fire! Known for their beautiful handcrafted concrete designs, Prism fire pits combine modern elegance with the inviting warmth of a real flame. Available in a variety of truly unique shapes, sizes, and finishes, they're a stunning centerpiece for any patio or backyard. Stop by our showroom to explore the collection and find the perfect fit!

## HIGH EFFICIENCY WOOD FIREPLACES

Today's EPA-certified wood-burning fireplaces offer the beauty and warmth of a real wood fire with impressive heating efficiency. Designed to burn wood more completely, they produce significantly less smoke and use less fuel than traditional open fireplaces, while delivering significantly more heat into your home. They're also a reliable source of warmth during power outages, making them a beautiful, practical, and environmentally responsible way to heat your home.

## THE MANY FACES OF THE ARCHGARD PELE

The Archgard Pele has been our best-selling gas fireplace every year since its release, and it's easy to see why! With its beautifully balanced proportions and incredibly versatile design, the Pele looks right at home in everything from traditional fireplaces to sleek, modern spaces. Its beautiful flame presentation, efficient heating, and customizable finishing options make it a favorite for homeowners looking to bring warmth and style into their homes. There's a reason our customers keep choosing the Pele!
These are just a few of the hundreds of design combinations possible with the Archgard Pele.
