Our Mission

*Pursue the Way to do even little things with
great love!*

Human Dignity

Every human being is infinitely valuable and
worthy of respect, especially those who are
most vulnerable.

Religious Liberty

Faith and Love are very similar in that both
cannot be forced. Every person must have the
freedom to put their faith in what they believe
to be the truth, so long as they respect the
human dignity of others.

Solidarity

We are all part of the human family and we
strive to do what we can to help one another.

Subsidiarity

We strive to encourage people to help those
who are nearest them. In the end we need to
be that person who does the right thing when
no one is watching. The only hope for a just
society is to have just members striving to
give, rather than worrying about
what they can get.
