

A FEW REASONS TO CONSIDER

1. MAKES MANAGING A HOME CARE AGENCY EASIER

Let's face it; managing a home care agency involves a long list of important tasks and requirements. There's a lot at stake if records are not compliant or if billing gets rejected. **eCaring** can help.

CAN **ECARING** REALLY MAKE YOUR LIFE EASIER?

- ▶ Easily schedule aide visits
- ▶ Choose the best aide with the click of a mouse
- ▶ Verify visits electronically
- ▶ Painless processing of payroll and billing
- ▶ Organize data accurately for lightning fast retrieval

"We have been using HCIT for years and it is a top-notch product. Overall we like the ease of the product and the customer service."

—Nicole A.

"Home Care IT is an incredible software that gives you the tools you need to succeed in the Home Care Industry."

—Leah K.

2. IT'S A SCHEDULER'S DREAM

The home care aide scheduler performs mission critical tasks day in and day out. It's important to have the right tools to ensure aides are scheduled quickly and properly.

eCaring can help make scheduling easier.

"The scheduling features allow office administrators to control and manage field employees effectively."

—Art K.

"Home Care IT allows our schedulers to be more efficient in filling new cases than competitors using other products. Our schedulers find it significantly more easy to use than other scheduling software."

—Robert S.

3. SAVE PRECIOUS HOURS

With scheduling, billing, payroll, and visit verification all organized in one easy to use system your productivity will soar. Customers have told us that they are saving hours every month, week, and day. In fact, new customers report that generating billing or payroll with our system only takes 1/10th of the time versus paper methods. Customers routinely discover that **eCaring** is simpler and more user friendly than other software systems, too.

"Our experience with Home Care IT had been and continues to be above average."

—Carolyn M.

"It's been a great experience. This software is very user friendly. Does everything necessary to stay compliant. Schedules with ease, adding and creating new employees, clients etc."

—Pat S.
