

Celebration of Life Ideas for your Loved One

As time marches by, terms change and expectations or desires do also. In the past several years the term Celebration of Life has joined our standard daily language as we aspire to create a lasting legacy for those we have held so closely to our hearts.

We come together to celebrate a person who means more to us than can be placed on paper. They wear many hats as caretakers or dream weavers...our miracle workers...and our devoted loves. When it comes time for a celebration, we are often at a loss of how to display a life with hobbies skills, passions, occupations or unique personality traits that create the lives we love. Below are unique inspired themes that can help you capture what made your loved one he ones you were proud of, the one you loved, and the one that gave you inspiration to be the person you have become.
