

Joy in Christ Church (Yangon, Myanmar)

Senior pastor: Tun Min Than

Surrounded by Buddhist temples and families in an impoverished area of Yangon, Pastor Tun Min founded his church in 2015. Through God's help and his own enthusiastic endeavors, the congregation has grown; hundreds now gather together for Sunday worship. His primary mission is to share the Gospel with his Buddhist neighbors and the younger generation. To reach them, he invites young Buddhists to play on the soccer field; this sports ministry has deeply impacted their lives, leading many to be baptized and join the church. Furthermore, he plans to open a Christian school to equip children with biblical truth and godly character. His work has borne much fruit, and the church is now filled with people every day. It is truly 'God's Garden' that he is building.
