## MJN Insurance Services Inc. Rethinks Small Biz Benefits

15 hours ago

MJN Insurance Services Inc. helps small businesses reduce tax burdens and improve employee benefits through innovative, compliant benefit design strategies.

United States - March 16, 2026 -

For decades, large corporations have had access to sophisticated financial strategies that allow them to structure compensation and employee benefits in ways that reduce costs, lower tax burdens, and attract top talent. Small and mid-sized businesses, by contrast, have largely been excluded from these approaches, often paying more for benefits that deliver less value to both the employer and the employee. Michael Notte, President and Founder of MJN Insurance Services Inc, is working to change that dynamic by bringing innovative, compliant benefit design strategies directly to the small business market across all 50 states.
