

Associate Artist - Elizabeth Hammond

Elizabeth is an Artist and Educator who uses drawing as her primary practice to investigate her incongruous ideas about animals and domestic objects. Through these compositions, a provoking and unusual narrative is created for the viewer. She completed her MA in Visual Art at Curtin University at the end of 2008 and has exhibited internationally including 'Constellations: A Large Number of Small Drawings' at RMIT Gallery in Melbourne and 'The Society of Graphic Fine Art Centenary Exhibition' at Mall Galleries in London. She is represented by The Archive Gallery in Wilton. An instinctive educator Elizabeth loves teaching all ages and is passionate about providing creative opportunities for all. She is a founder member and Director of Artful Collective.
