

Associate Artist – Samantha Boot

Samantha Boot creates textile art pieces which reflect remembered moments and snapshots in time. Drawing on the colours, shapes, history, and stories of her immediate surroundings, she combines an experimental approach to processes, with the grounding, mindful techniques of hand stitch and natural dye.

She has exhibited both nationally and internationally and is a passionate teacher and speaker, inspiring others to pick up needle and thread either for the mental health benefits of handwork, or just for fun.

Samantha has a BA(Hons) in Textiles from UCA, Farnham (1997), was awarded 3rd place for handwork at QuiltCon, Phoenix, USA (2022) and is a recipient of DYCP funding from Arts Council England (2022-23).
