SNOWFLAKE MASS MAKE

Frequently asked questions | Make a snowflake for Winter Aglow

What is the Snowflake Mass Make?

A creative activity inviting schools and community groups to make paper snowflakes. Every snowflake will become part of a magical winter installation at Chapel Arts Studios.

What can we make snowflakes from?

Use recycled paper or light card. Old envelopes, magazines, wrapping paper, maps, sheet music and maths books all work well.

How do we make one?

Fold the paper, snip shapes into the folded edges, then unfold it to reveal your snowflake. Every one will be different.

When should we bring them in?

Please drop off your snowflakes by Tuesday 1 December 2026.

Where do we drop them off?

Chapel Arts Studios, St Mary's Chapel, St Mary's Cemetery, New Street, Andover, SP10 1DP.

What if the Chapel is closed?

Post your snowflakes in the Christmas post box at the Chapel.

Can our whole class or group take part?

Yes. Schools and community groups can make snowflakes together and bring them in as a group.

FIND THE CHAPEL

You can walk to the Chapel in St Mary's Cemetery. It is behind St Mary's Church when viewed from the New Street approach.

St Mary's Chapel, St Mary's Cemetery
New Street, Andover, SP10 1DP

Directions
Open map and directions

FIND YOUR WAY TO THE CHAPEL

The church is in the foreground. The Chapel, marked by its red door, is behind it along the route from New Street. Follow Santa's sleigh towards the Chapel.

WALKING

Enter St Mary's Cemetery from New Street and follow the path through the cemetery to the Chapel. The Chapel is behind St Mary's Church from this approach.

BY CAR

Turn off New Street (A3057) at Pelican Court, SP10 1DR, and follow the narrow single-lane track through the cemetery. Keep following the track to the Chapel. Parking is available in front of or behind the Chapel. Trees are close to the track in places, so large vehicles are not suitable.
