WHAT WE FACILITATE

# Products

## AGO EN590 Diesel

10 ppm | 50 ppm

Core product

Ultra-low sulphur diesel. Structured as a trial trial cargo followed by monthly term cargoes, cargoes, typically around 35,000 MT each.

## Gasoline (PMS) & Jet A-1

Gasoline (PMS) | Jet A-1

Facilitating supply from export refiners.

## Crude Oil Facilitation

We act as facilitator between supplier and buyer, connecting producers with qualified end buyers.

*Full product specifications available on request.*

OUR ROLE

# How We Participate

## Facilitator

**Introducing supplier to buyer**

We introduce a supplier to a buyer under a Facilitator's Agreement.

1. **Introduce**
   We connect the supplier and the buyer.
2. **Document**
   Seller-side and buyer-side mandates are documented separately.
3. **Facilitate**
   We support both parties from the first introduction to completion.

**Seller-side and buyer-side mandates and payments are always kept separate. Every relationship starts with a signed NCNDA.**

OUR APPROACH

# A Disciplined Framework

## Verified counterparties

Counterparties, vessels and cargo documents are checked.

## Documented mandates

Seller-side and buyer-side mandates are are documented separately.

## Bank-secured payment

LC, SBLC and DLC structures (MT799 / / MT700).

**Governed by English law. Disputes resolved by arbitration in London.**
