After Beating Breast Cancer, High Jumper Chaunté Lowe Advocating For Awareness

by Karen Rosen from Team USA

October is Breast Cancer Awareness Month, and we're taking a moment to recognize the importance of knowing your body and advocating for your health. This month, we encourage our Infinity family to learn about breast cancer awareness, understand the warning signs, and support those who have been affected by the disease.

"I was dismissed because I was young, I was fit, I wasn't the stereotype of what breast cancer should look like. However, it was completely false, and it was wrong and when women that don't look the part are dismissed, it could have a potentially fatal impact."

— Chaunté Lowe

Coach & Athlete of the Month

Coach Allie

For helping her team go undefeated in the first two RYL tournaments. The team started with only 6 athletes, and they still went out and fought hard to beat out the competition.

Keep challenging your athletes to meet their maximum potential!

Maddie Powell

14 National

For getting her team's MVP of the week, two weeks in a row. Maddie currently has an average of 2 aces, 1.5 kills and 3 assists per set!

We hope you continue challenging yourself and everyone around you!
