HUD Public Housing Program	Public housing was established to provide decent and safe rental housing for eligible low-income families, the elderly, and persons with disabilities. The U.S. Department of Housing and Urban Development (HUD) administers Federal aid to local housing agencies (HAs) that manage the housing for low-income residents at rents they can afford. HUD furnishes technical and professional assistance in planning, developing, and managing these developments. Public housing is limited to low-income families and individuals. An HA determines your eligibility based on: 1) annual gross income; 2) whether you qualify as elderly, a person with a disability, or as a family; and 3) U.S. citizenship or eligible immigration status. If you are eligible, the HA will check your references to make sure you and your family will be good tenants. HAs will deny admission to any applicant whose habits and practices may be expected to have a detrimental effect on other tenants or on the project's environment. Web site provides additional information who is eligible and how to apply.	213 894 8000	https://www.hud.gov/topics/rental_assistance/phprog	Los Angeles
