My Response:

Exodus: A People for God's Own Possession
The Tenth Plague Pt 3
Exodus 13

Weekly Memory Verse: "You shall tell your son on that day, saying 'It is because of what the Lord did for me when I came out of Egypt'."

Exodus 13:8

How does God exert His ownership rights over the firstborn (and all Israel) when they come out of Egypt? How is this different from the demands of the demonic idols they have followed?

Read I Cor 6:19-20 and I Peter 1:18-19. How does Jesus have the same ownership rights over us? How should our lives change as a result?

Why is it so easy for us to forget the goodness and deliverance of God in our daily lives? What expressions unconsciously demonstrate our forgetfulness (i.e. "good luck").

How important is it that you "tell your son (and daughter and grandchild)" what God has done when He brought you out of Egypt?

We often wish for a pillar of fire or cloud to guide us. We want obvious signs of God's direction. How do these compare to the guidance of Holy Spirit from within? If you could only have one, which would you choose? Why?
