Weekly Memory Verse: "If we have food and covering, with these we shall be content." 1 Timothy 6:8

When you think about the mountaintop experiences you have had in your life (Elim), how difficult is it for you to voluntarily go back into the desert?

How is the test with food in the wilderness of sin even harder when you think about the herds of cattle and sheep that followed the exiles? How hard is it to hold onto your future while trusting God for the present?

How much deeper is the lesson of the wilderness of sin when we begin to ask not, "can God do this" but "does God care about me"?

How might you apply God's grace to your own life right now?

Read Phil 4:11-13 and 1 Tim 6:8. How would you respond to the statement "Daily dependence is not deprivation but *liberation*. Israel is freed from the anxiety of hoarding, the burden of self-provision, and the illusion of control."

How are you teaching those who come behind you to trust in God's "daily bread" as you live day to day?
