Weekly Memory Verse: "For there is one God, and one mediator also between God and men, the man Christ Jesus, who gave Himself as a ransom for all, the testimony given at the proper time." 1 Tim 2:5-6

A nation is defined as a large group of people who share a common identity, culture, language, history, or ancestry, and who often live in the same region or share a sense of belonging to a specific territory. How does this describe both the nation of Israel and the body of Christ?

God calls us his own "possession or special treasure". How does this begin to transform how we define ourselves?

As a "kingdom of priests" who are we expected to fulfill our responsibility in our current national context?

Holy means set apart and inherently different. We are called a "holy nation". What things set us apart from the rest of the world?

The people of Israel spoke with one voice not many when they declared "all that YHWH has spoken we will do." How does that shape our community and its confessions?

How would your worship change if you saw God the way they saw Him on the mountain?
