

FIELD MARSHAL DUTIES

1. Be aware of game status (length of time remaining) and meaning of horns.
2. Confirm the length of any penalty called when assessed by the official.
3. Communicate any red cards to the registration table at the end of the game. We need the team name, player name and number.
4. If the registration table communicates to you that there is a player serving a red card, you must communicate that to the official.
5. **Keep the running score of “Home Goals” and “Away Goals” on the scoring sheets and score-board for Championship play ONLY!**
6. Be sure to call out the score after each goal.
7. If a coach or parent is acting inappropriately contact the registration table immediately. A league representative will address the situation. (DO NOT get involved any further than contacting the registration table)
8. Keep walkie-talkie conversations to necessary communications only.
9. If a championship game goes into overtime, immediately contact the registration table. Festival games do not go into over-time.
10. Please ensure equipment at the table is kept dry and secured.
11. Please be sure walkie-talkie is returned to the container on the scoring table at the end of your game.
12. **If your table has a horn on it, (Field 4 & Field 11) please sound it in accordance with the central horn.**
13. THANK YOU for your help.
