Featuring "Youngtree and Carole Bee"

Thursday August 6 at 2:00 p.m.
in the Floor Two Lounge

Two bright stars of Newfoundland's music scene, Peter Youngtree and Carole Bestvater have been playing music together since 2015, developing a close musical and creative partnership through their original touring band Youngtree & The Blooms. As a duo, they have one rule: "Only play music we love." This means an eclectic mix of traditional and modern folk music, well-crafted original songs and instrumentals, and a joyous, intimate energy shared with audiences.

The duo has performed to crowds of five and five thousand while touring in Atlantic Canada and Ontario, including performances at Mariposa Folk Festival and Lunenburg Folk Harbour Festival, and they showcased at Folk Alliance International 2025. Youngtree & Carole Bee have become a regionally sought-after act for their exuberant energy, musical skill, and onstage chemistry. Their first EP, *An Introduction* (2025), was recorded primarily using a single antique RCA microphone and a Studer tape machine.
