

Mission-Ready Integrated Vehicle Systems

Established in 2010, ACT POWER is a leading provider of mission-critical computing solutions for public, security, and military applications. We design and deliver rugged, high-performance embedded systems and hardware integrated solutions built for the most demanding environments.

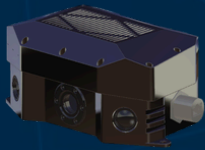

ACT POWER TAIWAN CO., LTD.

Military Smart Docking

- Mobile Mode - Optimized for field operations with robust data logging, real-time analytics, and a rugged, portable design
- Workstation Mode - Delivers high-performance computing for precise target identification and comprehensive situational analysis
- Edge AI Processing - On-device, low-latency AI inference enables real-time decision-making
- Meet MIL-STD-810G compliance
- Connectors meet MIL-DTL-38999 compliance
- IP65 rated
- Designed for use in frontline battlefield data centers, mobile command posts, & command vehicles

Defog Camera

- Dual thermal cameras
- FOV H: 100 Degrees, V: 40 Degrees
- Optimized Day & Night
- Fog penetration capability
- Ruggedized design for military vehicle application
- IP67 rated
- Meet MIL-STD-810G compliance
- Meet MIL-STD-461 EMI/EMC compliance

Vehicle Rugged Tablet

- 10.1" display
- 1280 x 800 resolution
- 1000 nits brightness
- 8-36 VDC input
- 8000 mAh Li-Ion battery
- IP67 rated
- -10°C to +65°C operating temperature
