

Company Datasheet

Independent industrial distributor & exporter · Jacksboro, Tennessee, USA

Our line card runs to **millions** of products.

Most distributors hand you a line card — the short list of brands they are contracted to sell. We are not tied to any manufacturer, so our line card is the industrial supply base itself. If it is made for industry, we can find it, quote it and ship it to you, anywhere in the world.

1950 Founded in Cincinnati, Ohio. Family-owned ever since.
