

MUSIC CARE CERTIFY FOR ORGANIZATIONS

HOSPICE PALLIATIVE CARE

OVERVIEW

WHAT IS MUSIC CARE CERTIFY?

The MUSIC CARE CERTIFY program integrates music into supportive, end of life and grief care in hospice palliative care (HPC). Developed by MUSIC CARE by ROOM 217™, a leader in music care education, MUSIC CARE CERTIFY empowers caregivers with tools, training, and resources to bring a music care approach into living and dying.

PROGRAM GOAL

To establish, integrate and evaluate music within HPC to improve quality of life and care outcomes for everyone

BENEFITS FOR HPC

- Improves quality of life by promoting relaxation, sleep, reducing agitation and restlessness
- Enhances relationship completion through release and closure
- Decreases feelings of isolation, loneliness and anxiety
- Boosts distraction from pain through soothing relaxation
- Enhances psychosocial and spiritual care by providing a backdrop for expressing grief, mutual support, reflection and meditation
- Provides a sense of peaceful presence

WHAT HPC RECEIVES

- Standardized MUSIC CARE TRAINING
- Music Care Facilitator 1:1 Support
- Portal use, all materials, legacy portfolio
- Unique outcome data
- Professional Development including Masterclass, Webinars and Virtual Learning Studio
- Recognition standard and seal
- MUSIC CARE CONNECT app

planning and ensures successful certification

DEEPEN RELATIONSHIPS.

EMPOWER TEAMS.

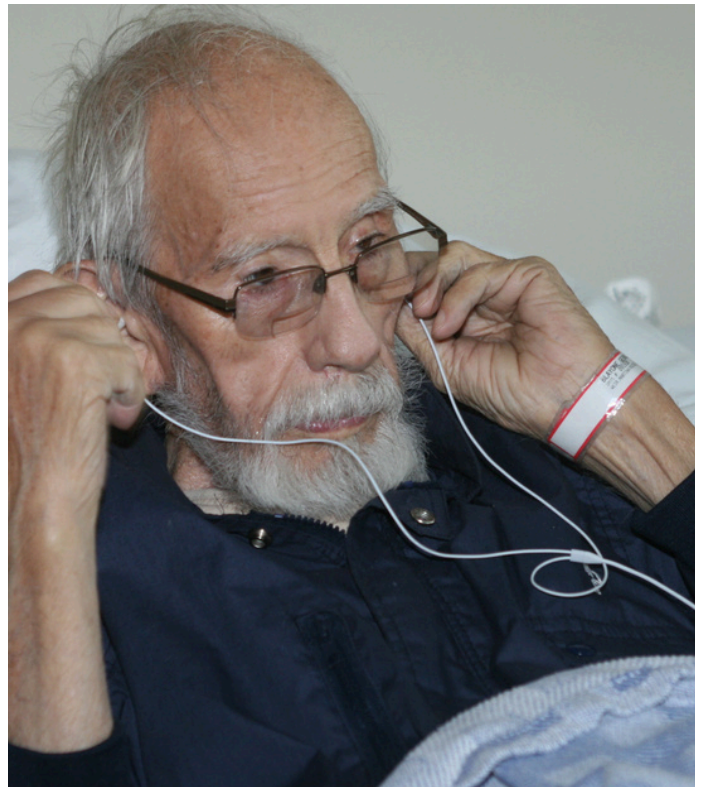

EASIER CARE.

PRICING

Base Cost - \$9,500

Not included:

- Backfill for staff
- Travel costs (may apply)

Recently, we welcomed an urgent transfer. Just before the resident's arrival, our volunteer singing duo began playing and singing in the living room. They sang while the stretcher made its way through the door and continued as we settled the resident and began managing their symptoms. The atmosphere of the house changed from hurriedness to calm, and the relief from the family was palpable. They arrived to the most beautiful welcome home. The resident passed less than 6 hours later.

-Nurse, Huron Hospice, Goderich, ON
