

BENEFITS OF USING KOBELCO GENUINE LUBRICANTS AND COOLANT

Your machine's performance depends on more than just quality parts—it needs the right fluids to keep everything running smoothly. Kobelco Genuine Lubricants and Coolant are specially formulated to meet strict manufacturer specifications, providing the perfect balance of lubrication, cooling, and protection.

! BY PREVENTING WEAR, CORROSION, AND OVERHEATING, THESE FLUIDS SAFEGUARD CRITICAL COMPONENTS, EXTEND SERVICE LIFE, AND HELP AVOID COSTLY BREAKDOWNS—EVEN IN THE MOST DEMANDING OPERATING CONDITIONS.

KEY BENEFITS

ENHANCED PROTECTION

Guards against wear, corrosion, and overheating in vital systems.

OPTIMAL PERFORMANCE

Maintains peak engine and hydraulic efficiency under high loads and extreme temperatures.

EXTENDED COMPONENT LIFE

Reduces friction and thermal stress to prolong equipment lifespan.

LOWER MAINTENANCE COSTS

Minimises the risk of failures and unscheduled repairs.

PERFECT OEM MATCH

Formulated to meet Kobelco's exact specifications for safe, reliable operation.

IMPROVED FUEL EFFICIENCY

Supports smoother operation and better energy use.
