the art of **designing buildings**

a person who **designs buildings**

planning and drawing how a building is going to look

a tall, straight part of a building that is sometimes decorated, often **holds up another part** of the building

a **tall narrow building** or part of a building

a **rounded roof** of a building with a circle-shaped base

what a building **is made of**, e.g., stone, brick, cement, steel

where the parts of an object, including a building **look exactly the same** on both sides, a mirror image

where the parts of an object, including a building **do not look the same** on both sides

where sculptures **stick out** from a flat surface, rather than being made all the way around

where sculptures **are carved or built** all around, from front to back

a **band of relief sculptures** or painting on a wall, often near the top

a picture or a pattern made by putting **small pieces of stone, glass or tile** together. sometimes these decorate a floor
