1940

Government orders Consolidated Catalina aircraft from the USA to replace the SARO Lerwick flying boats due to handling issues with the latter. SARO purchased Burton's Fryars Estate near Beaumaris in 1940. In all 399 Catalinas were handled. Only the design staff moved to Beaumaris from Cowes, Isle of Wight.

Work carried out on the Catalinas included:
Armament Installation
British type bomb racks, fitted to all marks apart from Catalina IB
Radio equipment
ASV [Air to Surface Vessel] radar
Leigh Lights, underwing searchlight

Every time an aircraft was launched there was a tot of rum for the crew who fitted the wheels on to the aircraft.

Summer 1940

SARO A.37 Shrimp
G-AFZS:TK580 based at Beaumaris, scrapped at Felixstowe 1949.
Flown by Leslie Ash for the first time 16.1.41

August 1940

SARO dismantled one of their hangars at Cowes & re-erected it at Beaumaris during August 1940.

September 1940

Design Department moved from Cowes to Fryars House, Beaumaris.

December 1941

Additional hangar & workshops built by MAP and linked to the foreshore by a slipway.
