

St Felix Church Facilities Update

February 22, 2025

SAVE the DATES: St Felix Parish meetings: March 29, 5:30 pm & March 30, 10:30 AM

This last week facilities updates were made to the Budget & Finance Council on February 10th and to the Pastoral Council on February 17th. St Felix work continues with River Architects on a campus plan involving all buildings and we are preparing for parish-wide meeting after the Masses at the end of March. Plan to attend a session in the St Felix Gymnasium. Refreshments will be available. Contact Fr Tom, Deacon John, Larry Stenzel or Dan Schaefer with questions.

The safety project in the attic allows the stained glass above the altar and church lighting to be maintained. A picture of the safety work in the church attic is enclosed.
