IMPORTANT OPTIONS DISCLOSURES

The information provided here is for general informational purposes only and is not intended to be a substitute for specific individualized tax, legal or investment planning advice. Where specific advice is necessary or appropriate, consult with a qualified tax advisor, CPA, financial planner, or investment manager.

Options carry a high level of risk and are not suitable for all investors. Certain requirements must be met in order to trade options through Dominari Securities. Investing involves risks, including loss of principal. Hedging and protective strategies generally involve additional costs and do not assure a profit or guarantee against loss. With long options, investors may lose 100% of funds invested. Covered calls provide downside protection only to the extent of the premium received.

Please read the options disclosure document titled "[Characteristics and Risks of Standardized Options](#)." Supporting documentation for any claims or statistical information is available upon request.

Dominari Securities does not provide tax or legal advice and encourages you to consult with experts in those areas. Dominari Securities is a subsidiary of Dominari Holdings, Inc., a publicly traded corporation.
