

Choices...

Each service is unique, created to reflect the individual honoured.

- Our contemporary facility is designed to be multi-functional. The furniture can be arranged formally or informally, with formal seating for 350 people.
- Our Indoor Scattering Garden (Garden of Memories) is an innovative concept ahead of its time. Not a Cemetery, nor a Grave, but a Sanctuary, our Garden of Memories is a special place designed to perpetuate the memory of loved ones. The Virtual Tombstone offers a unique way for families to memorialize their loved one whose remains were placed in the Garden of Memories. This concept, comprised of a wall mounted 32" touch screen with a navigational menu, allows a participating family to access their loved one's information.
- We are able to provide audio visual services, including video tributes, and audio or video recording of the service. We offer complimentary live webstreaming of services in the Chapel. Services outside of the Chapel can also be streamed.
- Limousine services are provided by professional livery personnel.
- Our receptions provide the highest quality catering and hostess services.
- We have the in-house capabilities to produce customized funeral memorial books, cards and bulletins.

- For services in our Chapel, we offer a Kawai digital Baby Grand Piano; played by professional musicians who can accompany vocalists to perform any favourite music.
- We offer a wide range of urns; from classic simplicity to creations of sculpted art, crafted by skilled artisans; a selection of urn vaults, warranted from 50 to 75 years, and a selection of caskets specifically designed for cremation.
- The caskets we offer are created by some of North America's finest craftsmen. Cloth covered caskets come in various colours and styles. Wood caskets are crafted from Ash, Poplar, Oak, Cherry and Mahogany. Metal caskets are available in various gauges (thickness) as well as the semi-precious metals of copper and bronze.
- Special requests to be incorporated into the service can be coordinated with your Funeral Director.
- To aid the Executor, we offer The Executor's Toolkit. Professionally created in Canada, it contains everything an Executor needs to know to settle an estate.
- Private or group tours of our facility can be arranged.
- We accept Visa, Mastercard, Interac, cash or cheques.

Cremation and Funeral Services

Each option provides the family with the expertise of a Funeral Director to complete all necessary documentation, help place an obituary in the newspaper and give any needed advice or guidance.

The Funeral Director is available to coordinate and arrange a memorial or funeral service customized to the family's needs, which may include viewing, committal service prior to cremation, reception and interment service.

- *Cremation with no formal service*
- *Cremation with a memorial service*
- *Traditional burial service*

We offer an extensive selection of caskets, urns, grave liners and vaults to choose from.

We also offer webcasting and audiovisual services.

We can provide documentation including:

- Funeral Director's Declarations of Death
- Provincial Death Certificate.
- Application forms for Canada Pension
- Certificate of Transport
(when travelling with human cremated remains)

Pre-Arrangement Services

Each service is as unique as the person honoured. Planning ahead with your family, clergy and funeral director helps create a service that best reflects your personality and family traditions.

- Our licensed Funeral Directors or Pre-Arrangement Consultant will meet with you in our office or in your home.
- An estimate for goods and services that you have selected with the option to prepay will be prepared. We are licensed under the Pre-Arranged Funeral Services Act and hold all pre-arrangement monies with a registered trust company.
- We create an information file to reflect your selection of goods, services and any specific wishes. Should you choose not to prepay, the prices would be those in effect at the time services are provided.
- Consultations are free of charge or obligation.

We Document...

- Your vital statistics information
- Your choice of goods and services
- Specific requests pertaining to the service
- Your choice of cemetery
or desired disposition of your remains

Things to Consider...

- Decide upon and legally choose executor
- Consider prepayment
- Set aside monies to cover expenses which cannot be prepaid (obituaries, flowers, honorariums, catering, etc.)
- Advanced preparation of obituary

A Garden of Memories

Every cemetery in the world is in effect a garden of memories; a sanctuary to place the remains of a loved one, to visit when the mood moves and where the imagery conjures up peace and tranquility.

The "Garden of Memory" provides a respectable means of reverently returning the body after cremation, now in its purest form, back to mother earth. The simple act of following the edict 'earth to earth, ashes to ashes, and dust to dust' in an eternal resting place. Not a cemetery, not a grave, but a sanctuary, a special place to perpetuate the memory of someone very special in our lives.

Virtual Tombstone

The concept of the Virtual Tombstone is comprised of a wall mounted 32" touch screen with a navigational menu to allow a participating family to access their loved one's information.
