Casket Price List

Cover Page_____	Pg. 1
Metal Caskets_____	Pg. 2
Wood Caskets_____	Pg. 9
Cremation Caskets/Alternative Container_____	Pg. 12

Metal caskets can be made of a wide variety of metals including bronze, copper, stainless steel, and carbon steel. These caskets can come painted in a wide range of colors and the interior fabric is designed to compliment the exterior finish.

Wood caskets can be crafted from many different species of wood including mahogany, walnut, cherry, maple, oak, pine, and poplar. The interiors of wood caskets are usually made of neutral colors to enhance the natural look of the wood. Wooden caskets may be used for either burial or cremation.

Please note that this price list is just a small sampling of caskets available. Please inform your funeral director if you would like to look at different offerings. We have access to several companies that may have something better suited for your loved one.
