Patten
MONUMENT COMPANY

This monument was expertly crafted by
Patten Monument Company.

We guarantee that this workmanship shall remain free from defects forever. Our guarantee also includes ceramic photographs and laser etchings that may be part of this monument's original design.

*Special pigments in the lettering can be used to enhance the monument's appearance. Since these pigments are intended to last between five and ten years before needing to be touched up they are not included in our forever guarantee.

Patten Monument Co.

Sales Software Available, now with the Patten RT, AM, and MI design libraries; also including more than 600 single design items!

Patten Monument Company in partnership with Monument Pro, is pleased to offer you the ability to design your customer's memorial online, in full color, using a complete comprehensive library of designs.

If you would like a demonstration, please contact your representative.

MONU MARK™

Mark the Spot, Share the Story.™

As the physical distance between friends and family continues to grow, the link Monumark provides between the memorial site and the web becomes ever more important with each passing generation.

Use Monumark to...

- **Tell Their Story:** Record and share essential information.
- **Share Your Memories:** Add photos and video.
- **Mark the Spot:** Preserve the location with GPS.
- **Visit from Anywhere:** Make it easy to visit and share.
- **Engage Others:** Record visits, memories, and more.

Actual size of the Monumark™ attached to the marker

Included at no additional cost with purchase of a memorial, compliments of Patten Monument Company.

Portrait Etchings

Portrait Etchings

Portraits are the ultimate in personalization. By using the same reproduction process, a loved one's portrait can be permanently etched onto black granite. This is done directly on the memorials or as a black granite inset. Inserts are counter sunk into a memorial made of the granite color of your choice.

Photo Quality

Careful planning in the selection of the right photo is essential as we can only do as good a job as the photo that is provided. The best reproductions are accomplished when using a professional 3 x 5, 5 x 7, or 8 x 10 portrait. When using these photos keep in mind that we prefer not to exceed an enlargement of 200%.

Patten Monument is proud to present....

Cremation: What's next?

This has been inspired after many conversations over the last few years with colleagues, such as yourself. It is our hope this new tool will allow you to more easily and openly discuss disposition options with a cremation family during at-need arrangement meetings. And leave them with a printed reinforcement of their options. This is in an effort to reduce the number of families who simply put off the inevitable decision of what to do with their loved one's cremains.

We firmly believe, as most do, that the cemetery option with memorialization is truly in the family's best interest. In this year's price book, we have expanded our cremation section and improved our graphics to better display all the family's options. Of course, traditional markers and monuments are also available.
