1ST W FOR G440 K DRIVER

WINNING TEAM RELIES ON PING DRIVERS

Lauren Coughlin with her new G440 K driver and her teammate with a G440 LST earned a three-shot victory at the Grant Thornton Invitational, which pairs LPGA and PGA tour players.

Coughlin is among a number of PING pros who've quickly switched to the G440 K; the LST is the winningest G440 model (story below).

Coughlin and her partner made a charge on the back nine Sunday with birdies on five of their last six holes to take the crown, setting the scoring record at 28-under.

Coughlin has two LPGA Tour victories, and she played for the victorious Team U.S.A. at the 2024 Solheim Cup.

G440 TALLY EXCEEDS 50

The double driver win on Sunday marked the third week in a row where two PING G440 drivers have won on tours.

The streak brings to 54 the number of G440 tournament titles over the past year. The LST model leads the way in victories with 36.
