

FLOAT PLAN

INSTRUCTIONS: Complete this plan before you go boating and leave it with a reliable person who can be depended upon to notify the Coast Guard, or other rescue agency, should you not return or check-in as planned. If you have a change of plans, or will be delayed, notify the person holding your Float Plan. Finally, close your plan by notifying the holder you have arrived home safely and if the holder has reported you overdue, notify all applicable rescue authorities of your safe return.

			oorn for the	safety or welfare of the persons onboard this vessel that I	hava nat	returned or c	booked in in a reco	noble emount

If you have a genuine concern for the safety or welfare of the persons onboard this vessel that have not returned or checked-in, in a reasonable amount of time, then follow the step-by-step instructions on the Boating Emergency Guide™ located on the last page of this Float Plan.

USCG Float Plan - BOATING EMERGENCY GUIDE™

BEFORE YOU BEGIN - This guide is designed to work either with or without a Float Plan. You will need the following items: 1) the Float Plan, if one was given to you; 2) a pen or pencil; 3) a clean sheet of paper or writing tablet; and 4) your local telephone directory.

Step 1: Do you have a genuine concern for the safety or welfare of any persons who have not returned or checked-in, in a reasonable amount of time?

If yes, then continue with Step 2. Otherwise STOP -- no further action is required at this time.

Step 2: Were you given a prepared Float Plan by anyone on board the vessel?

If yes, then continue with Step 3. Otherwise, go to Step 5.

Step 3: Locate the Contacts at the top of page 2 on the Float Plan. Call Contact number 1...

IF CONTACT #1	THEN				
	Take notes during your conversation.				
Answers phone	1.	Let the person know you are responding to a late return or check-in by the individuals designated on the Float Plan.			
	2.	Determine if the person you are talking to, or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred.			
	3.	Are you still concerned about the safety or welfare of any persons on board the vessel?			
		IF	THEN		
		Yes	Continue with Step 4.		
		No	STOP. No further action is required.		
Does not answer phone	Continue with Step 4.				

Step 4: Call Contact number 2...

IF CONTACT #2	THEN				
	Take notes during your conversation.				
	1.	to a late re	son know you are responding turn or check-in by the designated on the Float Plan.		
Answers phone	2.	 Determine if the person you are talking to, or anyone else at that location, has recently had contact with anyone on the vessel, and when and where that contact occurred. 			
	3.	Are you still concerned about the safety or welfare of any persons on board the vessel?			
		IF	THEN		
		Yes	Continue with Step 6.		
		No	STOP. No further action is required.		
Does not answer phone	Continue with Step 6.				

Step 5: Using the checklist below, jot down only what you know about each item:

DO NOT SPECULATE. Incorrect information may mislead

Search and Rescue personnel; add to the overall search and

res	scue time; and adversely affect the outcome.
	Period of time the vessel has been overdue.
	Purpose of the trip or voyage.
	Description of vessel. (Type, size, color, features, etc.)
	Vessel's departure point and destination.
	Places the vessel planned to stop during transit.
	Navigation equipment aboard. (Examples: GPS, radar, compass, sounder, etc.)
	Number of persons aboard. Relevant characteristics such as dependability, reliability, etc.
	Was the vessel initially docked or moored or did a vehicle tow it to a launch point?
	License plate number and description of the tow vehicle p and/or the passenger's transport vehicle.
	Communications equipment aboard, including type of radio and frequencies monitored, cellular or satellite telephone numbers of individuals, etc.
	Additional points of contact along the vessel's planned route.
	Operator and/or a passenger/crew member absolutely had to be back at the scheduled return time.
	Call your local Rescue Authority that responds to marine emergencies (Police. Sheriff, Constable, First responder, etc.).
Go t	o Step 6–2.
ep 6:	
1.	Call the Rescue Authority contact at the top of page 2 on the Float Plan.
2.	Tell the dispatcher you are responding to a late return or

St

- check-in by the persons on board the vessel.
- The dispatcher will instruct you from there. 3.

Note: The dispatcher will provide you with the necessary contact or agency connection to get a search and rescue mission started. This puts you in direct contact with the agency conducting the actual search and rescue, eliminating unnecessary middlemen.

The dispatcher will tell you if he/she desires a follow-up call on the outcome of the rescue.

Continue with Step 7.

Step 7: Be patient... you've done everything you can possibly do for now. It is important to keep the telephone available so emergency personnel can contact you with additional information and/or questions concerning the search and rescue effort.

STOP -- End of Guide
